BE A SOLDIER OF PRODUCTION
Don't "let George do it." You've learned now what happened at Bataan and Corregidor—largely due to not enough equipment. Torture and death to our boys because of insufficient production. The same atrocities may befall greater numbers of our boys on the scattered fighting fronts if

HOME FOLKS FAIL TO PRODUCE
We feel sure you'll want to come in now and help, if you are not already engaged in vital work. Even if it's inconvenient to change your living program, you'll want to help rather than face the returning disabled service men, knowing you have not given them support.

We have here a strictly modern plant, building the most vital equipment—airplane parts. The situation is critical—production is too slow to meet military demands. The evening shift needs YOU. Bonus pay—fast promotion. We will train those without experience and the work is not heavy. Skilled people will be rated on their experience. Interviews 8 A.M. to 5 P.M.
