"Christ Jesus" is the subject of the Sunday Lesson-Sermon in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston. This declaration from John is the Golden Text: "No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared Him."

"Lord, if thou wilt, thou canst make me clean," cried the leper to Jesus, according to a Lesson-Sermon selection from Matthew. "And Jesus put forth his hand, and touched him, saying, I will; be thou clean. And immediately his leprosy was cleansed." Luke's Gospel relates that when Jesus sent out his twelve disciples "to preach the kingdom of God, and to heal the sick. . . they departed. . . preaching the gospel, and healing every where."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "Jesus established what he said by demonstration, thus making his acts of higher importance than his words. He proved what he taught. This is the Science of Christianity. Jesus proved the Principles, which heal the sick and casts out error, to be divine."

All prayers and services during the Lenten Season will be offered to God for World Peace and for the Security and Safe Return of all the Torrance boys in the service.

ALL ARE INVITED — BOTH CATHOLICS AND NON-CATHOLICS — TO ATTEND.

War Workers Encouraged to Buy Homes Under New Housing Ruling

Pat MacDonnell, area manager of the Federal War Housing center, has been advised of a new rule of the National Housing Agency that occupants of public housing projects may buy or rent homes erected by private interests.

With housing deemed as essential in making it possible for workers in war plants and essential civilian industries to "stay on the job," as advocated by the Citizens Manpower Committee, it was pointed out that the rule will encourage home buying and make for a more substantial citizenry.

Heretofore war workers were not allowed to move from public to private housing, but it was found such movement released furnished housing, now very necessary.

The new rule will make public housing available for occupancy by families arriving in this area without household effects and finding themselves in urgent need of furnished apartments.

Previously, the committee projected a house-to-house canvass to recruit war workers. Then just as plans were complete, it was found that talk concerning the canvass had led countless men and women into war work and the doorbell ringing expedition no longer was necessary.

In attacking turnover, the committee ascertained that poor transportation, bad housing and need of child care centers primarily are keeping persons from working.

Aluminum Company Exceeds Bond Quota

The Vernon works of Aluminum Company of America exceeded their \$250,000 quota in the Fourth War Loan drive two days ahead of schedule. This accomplishment is a record in the immediate area and gives Alcoa (Vernon) claim to the honor of being one of the first major plants to go over the top in Southern California. The campaign was under the sponsorship and direction of Alcoa's labor-management committee.
