Palos Verdes Estates

After the war you will want a
home in beautiful Palos Verdes
Estates, the only high class area
in this vicinity, completely cov-
ered by protected restrictions
that will keep this an exclusive
residential area for Caucasians
only.

Men of national reputation
planned and supervised Palos
Verdes Estates. Only 19% of the
total area is within the lot lines.
The remaining 81% is in parks,
playgrounds, school sites, a high-
way, and other open spaces.

Lot lines and set backs pro-
vide the view from every lot.
Not more than 30% of the area
of any homestead can be covered
by buildings. Hence two-thirds
or more of the total area always
will be free of structures.

This insures privacy without
isolation. When Palos Verdes
Estates is completely developed,
it will not be crowded. It is and
always will be like having a
home in a private park.

There has been no storm dam-
age here, no water standing on
any street, no slides, no closing
of schools. Excellent engineering
by the subdividers is the reason.
This protection is perpetual.

Investigate today. Come to our
office and we will take you on a
tour of the Estates and explain
the many advantages.

We have beautiful homesites
for sale in all parts of the Es-
tates. Prices from \$600.00. Terms
if desired. Get your homestead
now while prices are low. Get it
paid for and then you can bor-
row the cost of the home. Live
where you can enjoy "American
Living at Its Finest."
