AN ORDINANCE OF THE CITY OF TORRANCE, CALIFORNIA, GRANTING TO THE TEXAS COMPANY, A DELAWARE CORPORATION, A FRANCHISE TO LAY, CONSTRUCT, MAINTAIN, OPERATE, REPAIR, RENEW, CHANGE THE SIZE OF, AND REMOVE A PIPE LINE FOR THE TRANSPORTATION OF PETROLEUM, OIL, AND LIQUID HYDROCARBON PRODUCTS THEREOF, IN, UNDER, ALONG AND ACROSS CERTAIN PUBLIC STREETS, HIGHWAYS AND ALLEYS IN SAID CITY.

THE CITY COUNCIL OF THE CITY OF TORRANCE, STATE OF CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. There is hereby granted to The Texas Company, a Delaware corporation, authorized to transact and transacting business in the State of California, the franchise and privilege to lay and construct, and for a period of forty (40) years from and after the date of passage of the ordinance granting such franchise and privilege, to maintain, operate, repair, renew, change the size of and remove a pipe line, not to exceed twelve inches (12") in internal diameter for the transportation of petroleum, oil, and liquid hydrocarbon products thereof and gas, or any thereof, in, under, along and across those certain public streets, highways, and alleys (hereinafter for convenience collectively referred to as "Highways") in said City of Torrance as follows:

Western Avenue, from 190th Street to the Southerly terminus of Western Avenue at 228th Street.

228th Street from Western Avenue to Alberta Street.

Alberta Street from 228th Street to Sepulveda Boulevard.

Sepulveda Boulevard from Alberta Street easterly to the present City of Torrance boundary line.

SECTION 2. This franchise is granted and shall be held and enjoyed only upon the terms and conditions herein contained, and the grantee must, within thirty (30) days after the passage of this ordinance, file with the City Clerk of Torrance a written acceptance of such terms and conditions.

SECTION 3. The term "grantee" whenever used herein shall be held to include said The Texas Company, or its successors or assigns.

SECTION 4. The grantee shall have the right to construct and maintain such traps, manholes, conduits, valves, appliances, attachments and appurtenances (hereinafter for convenience collectively referred to as "appurtenances") as may be necessary or convenient for the proper maintenance and operation of the pipe line under this franchise, and said appurtenances shall be kept flush with the surface of the highway and so located as to conform to any order of the City Council in regard thereto and not to interfere with the use of the highway for travel. The grantee shall have the right, subject to such regulations as are now or may hereafter be in force, to make all necessary excavations in said highways, for the construction and repair of said pipe line and appurtenances.

SECTION 5. So far as is practicable, said pipe line shall be located along the edge or shoulder of the highway or in the parking so as not unreasonably to disturb the flow of traffic and where possible shall be laid in the unpaved portion of the highway. If the pipe line shall be laid across or along the paved portion of the highway, the repair of the highway, after the pipe line has been laid, may be made by the City at the expense of the grantee, and upon the presentation of a bill therefor, the grantee shall pay the same at once. The expense so chargeable to the grantee shall be determined upon the basis of the City's established rates therefor, provided that the amount so chargeable to the grantee shall in no event exceed the actual cost of such repair.

SECTION 6. The pipe line and appurtenances constructed or maintained under the provisions of this franchise shall be constructed and maintained in a good, workmanlike manner and in conformity with all the ordinances, rules or regulations now or hereafter adopted or prescribed by the City Council of said City. All pipe laid under this franchise shall be of first-class material, and no pipe laid under this franchise shall exceed twelve inches (12") in internal diameter.

SECTION 7. The work of constructing, maintaining or repairing all pipes, pipe line, and appurtenances shall be conducted with the least possible hindrance to the use of the highways for purposes of travel, and as soon as such work is completed, all

"Public Notice"

portions of the highway which have been excavated or otherwise damaged thereby shall be placed in as good condition as the same were before the commencement of such work, to the satisfaction of the Superintendent of Streets of said City; and any damage or injury suffered by any person by reason of any excavation or obstruction being improperly guarded during said work shall be borne by the grantee of this franchise.

SECTION 8. Said City of Torrance reserves the right to change the grade of any highway over which this franchise is granted, and the grantee shall, within thirty (30) days after receipt of written notice from said City Council, change the location of all pipes and appurtenances constructed under this franchise so as to conform to such change of grade.

SECTION 9. If any portion of any highway shall be damaged by reason of breaks or leaks in any pipe or conduit constructed under this franchise, the grantee thereof shall, at its own expense, repair any such damage and put such highway in as good condition as it was in before such break or leak, to the satisfaction of the Superintendent of Streets of said City.

SECTION 10. The grantee shall, in good faith, commence the work of laying the pipe line and appurtenances a portion of which is covered by this franchise and privilege within not more than four months from the date of the passage of the ordinance granting this franchise and privilege, and if such pipe line be not so commenced within said time, this franchise and privilege shall be declared forfeited, but the grantee shall not commence the construction of any pipe line under the provisions of this franchise until it shall first have obtained a permit from the Superintendent of Streets so to do. Such permit shall be granted, under the provisions of Ordinance No. 28 of said City, passed July 5, 1922, upon application of the grantee, which application shall show the following facts: The length and proposed location of the pipe line proposed to be laid or constructed, the size and description of the pipe intended to be used, and such other facts as the Superintendent of Streets may require. Upon the completion of the construction of the pipe line constructed pursuant to this franchise, the grantee shall render a statement to the Treasurer of said City of Torrance, showing in detail the permit or permits issued and the total length of pipe line, the construction of which was authorized under such permit or permits, and the total length of pipe line actually laid, and the grantee shall accompany said report with payment to the Treasurer of said City for the pipe line which has been actually constructed under this franchise at the rate of One Dollar ($1.00) per rod.

SECTION 11. On or about the 15th day of January of the year following the year in which said pipe line or any portion thereof has been laid and constructed under this franchise, the grantee shall file with the City Council a map or set of maps each drawn to a scale of not less than 600 feet to one inch, showing in detail the exact location and size of all pipes laid by it beneath the surface of the public highways hereinabove described. Likewise, whenever any portion of said pipe line located under the surface of said highways, is abandoned, the grantee shall, on or about the 15th day of January of the year following that in which such abandonment occurred, file with said City Council a statement in writing, giving in detail the location of the pipe line, or portion thereof, so abandoned and a map or set of maps showing the location and size of all pipes laid under this franchise and not theretofore abandoned.

SECTION 12. The grantee shall, beginning at the expiration of five (5) years after the date of the granting of this franchise and continuing thereafter during the life of this franchise, pay to the Treasurer of said City of Torrance that proportion of two per cent (2%) of the gross annual receipts of such grantee arising from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of the grantee of which the pipe line laid pursuant to this franchise is a part, which the length of the pipe line laid pursuant to this franchise bears to the length of said pipe line of which the line laid under the franchise is a part, and for the purpose of computing the payments aforesaid, the oil belonging to grantee shall be considered in the same category as though said oil was being transported for others. If such proportion of such gross annual receipts of the grantee does not equal a sum computed at the rate of $40.00 per mile for the length of the portion of the pipe

line laid pursuant to this franchise, then, in that event, grantee shall, in addition to such proportion of such gross annual receipts, pay such additional sum as is necessary in order that the annual payment shall equal the sum computed at such rate of $40.00 per mile; provided, however, that such percentage and/or minimum payment shall not be required for the first five years after date of the granting of this franchise, but thereafter the payment provided for in this paragraph shall be payable annually. Notwithstanding the foregoing provisions of this paragraph, the grantor shall have the advantage of any act of the Legislature of the State of California which may hereafter be enacted covering the subject matter hereof whereby municipalities may thereafter receive a greater return for the use of franchises of the character provided for herein; provided, however, that such greater return shall be applicable only with respect to payments accruing subsequent to the effective date of such legislation.

SECTION 13. It shall be the duty of the grantee to file with the City Clerk of said City of Torrance at the expiration of six (6) years after the date of the granting of this franchise, and at the expiration of each year thereafter, a verified statement showing the total gross receipts of the grantee, during the preceding twelve (12) months, from the transportation of petroleum, oil, liquid hydrocarbon products thereof, and/or gas through the pipe line of grantee, of which the pipe line laid pursuant to this franchise is a part; and within ten (10) days after the time for filing the aforesaid statement, it shall be the duty of said grantee to make to the City Treasurer of said City of Torrance the payment provided for in the preceding paragraph hereof.

SECTION 14. Said grantee shall not sell or assign this franchise, or the rights or privileges granted thereby without the consent of the City Council, nor shall this franchise be sold or assigned except by a duly executed instrument in writing filed in the office of the City Council of said City of Torrance; and nothing in this franchise contained shall be construed to grant to said grantee any right to sell or assign this franchise, or any of the rights or privileges thereby granted, except in the manner aforesaid.

SECTION 15. Upon any neglect, failure or refusal of the grantee to comply with any of the conditions of this franchise, said City, by its City Council, may declare this franchise forfeited, and may exclude said grantee from further use of the highways of said City under this franchise, and said grantee shall thereupon surrender all rights in and to this franchise, and it shall be deemed and shall remain null, void and of no effect.

SECTION 16. The grantor, or any successor municipal corporation hereafter formed, shall have the right at any time after five (5) years from the taking effect of the ordinance granting this franchise, to acquire the works, property and rights of the grantee, or any portion thereof, constructed, acquired or operated under this franchise upon making reasonable compensation therefor.

SECTION 17. This franchise is granted subject to the further condition that the grantee has now and shall at all times during the life of this franchise keep on file with the said City Council a corporate Surety bond running to said City in the penal sum of Five Hundred Dollars ($500.00) conditioned that the said grantee shall well and truly observe, fulfill and perform each and every term and condition of this franchise, and that in case of any breach of condition of said bond the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and from the sureties upon said bond.

SECTION 18. This ordinance, and the franchise hereby granted, shall take effect and be in force at the expiration of thirty (30) days from and after the date of its final passage, and the City Clerk shall certify to the passage of this ordinance and, within fifteen (15) days after the date of passage thereof, shall cause the same to be published at least once in the Torrance Herald, a weekly newspaper of general circulation, printed, published and circulated in said City of Torrance.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF TORRANCE PROVIDING FOR TAKING UP, DISPOSING OF, AND SELLING LOST, AND ABANDONED PROPERTY, AND FOR DISPOSING OF MUNICIPALLY OWNED PROPERTY.

The City Council of the City of Torrance does ordain as follows:

SECTION 1. It is hereby made the duty of all the people of the City of Torrance whenever they find within the corporate limits of said City of Torrance, any personal property which such finder has reason to believe may have been stolen, lost or abandoned, to take possession of the same and to deliver it to the Police Department.

SECTION 2. It shall be the duty of the Chief of Police to take charge of and keep in his possession such property, and he must within a reasonable time inform the owner thereof, if known, and make restitution to him of such property upon demand without compensation. If the owner is not known to the Chief of Police, he must, within five days, file an affidavit with the Justice of the Peace of the Township in which said City is located, particularly describing the property and the time, place and circumstances under which it was found or saved. He shall cause the verified list thereof as prepared by the Appraiser appointed by such Justice of the Peace, to be recorded in the Office of the County Recorder of Los Angeles County, California, within five days after such list is delivered to him.

SECTION 3. If no owner appears within six months after such finding and offers reasonable proof of his ownership and compensates or in good faith offers to compensate the City for expense necessarily incurred by it, then such property vests in the City unless it is of greater value than $20.00. If of such greater value, then the Chief of Police must publish a copy of such verified list for three successive weeks in some newspaper of general circulation, published in the City of Torrance, and if the owner does not within one year after the completion of such publication, prove the property and pay, or in good faith offer to pay, all charges thereon, the title thereto vests in the City.

SECTION 5. At any time prior to the time fixed for the auction, the owner or any person entitled to the possession of any of this property, may secure the possession thereof by paying all charges incurred by City to the time of such redemption. Such articles as have not been returned to their owner or to persons entitled to their possession at the time set for such auction, shall be sold by the Chief of Police to the highest bidder for cash. Said articles shall be sold singly by the Chief of Police. The money received from such sale, shall be placed in the General Fund of the City. All property offered for sale, for which no bids have been received, may be destroyed by the Chief of Police, or may be retained by him and again offered for sale. The Chief of Police shall execute and file in his office a Certificate of sale, such Certificate shall be prima facie evidence of the time and place of sale, the particular description of the property sold and to

LOOK AND LISTEN

Here's a special appeal to truck and passenger car drivers: Stop or slow down at grade crossings. Look both ways. Listen at blind crossings. Don't try to guess the distance of the train by the sound of the whistle. Don't be lax at familiar crossings because you think you know the schedules. There may be a troop special or a war material freight that you didn't expect.
