**It's time to turn to A&P**

... and it pays to turn to A&P... if getting big value for your food dollars is important to you. Of every dollar you spend for food, part goes for the cost of bringing it to you. Obviously, if that handling cost is low, you actually get more food for your dollar. A&P's cost of bringing foods from source to your market basket is far below average. This means you get more food for your money when you buy at A&P.
