Todd Shipyards Corporation was appointed managing agent for the Navy Department and since December 9, 1943, has been operating the shipyard under the Officer-in-Charge in the capacity mentioned.

Effective July 10, 1944, by contract with the Navy Department, the status of Todd Shipyards Corporation changed and Todd Shipyards Corporation now operates the shipyard of the Los Angeles Shipbuilding and Drydock Corporation for the United States Navy Department as an independent contractor on a cost-plus-a-fixed-fee basis and not as agent.

Executive Order No. 9400, however, remains in effect and Todd Shipyards Corporation's operation of the plant of the Los Angeles Shipbuilding and Drydock Corporation is authorized by the Secretary of the Navy pursuant to said executive order.

In addition to the DFC, the Torrance flier holds the Air Medal and three Oak Leaf Clusters to the Air Medal. The official citation read, in part, "The courage, coolness and skill displayed by Lt. GET WHAT YOU PAY FOR— BUY PRODUCE AT SAFEWAY

Some of us can remember the days when a dry-goods clerk would measure ribbon by the arm's length. (You got your money's worth when the clerk was long-armed!) Nowadays, ribbon is measured by the *standard* 36-inch yard.

The modern way of measuring value in fresh fruits and vegetables is just as accurate: *pricing by the 16-ounce pound*. That's the Safeway method. It assures you full value.
