Announcing a new and helpful loan service for returning veterans of World War II who will want to own a home, a farm, or a business

Bank of America VET-LOAN PLAN

Every Banker American finds a personal obligation to homecoming veterans... and considers it a privilege to serve them.

Many discharged veterans will want to own a home, a farm, or business. To serve such veterans, Bank of America has developed the Vet-Loan Plan.

Vet-Loan Plan will be coordinated with the Servicemen's Readjustment Act and will supplement the Government's "G. I." Credit Program for Veterans.

Whether you are in or just out of the service, or have a relative in the armed forces, ask at the neighborhood Bank of America about Vet-Loan Plan.
