

## SEN. DOWNEY TO SPEAK IN REDONDO

California's U. S. Senator Sheridan Downey will be the principal speaker at a Democratic rally scheduled tomorrow (Friday) evening at 8 o'clock in the auditorium of Redondo Beach Union High school, located at Highway 101 and Diamond st. Senator Downey will talk on "Postwar Jobs."

Among prominent motion picture stars attending will be Albert Dekker, who will preside as master of ceremonies, with Virginia Bruce assisting as guest of honor.

Other distinguished personalities to be present at the rally will include Congressman Cecil R. King of the 17th district; John B. Elliott, prominent Democratic leader; Michael D. Fanning, chairman of the Los Angeles County Democratic Committee, and Judge Stanley Mosk of the Superior Court.

A number of city officials from nearby communities have accepted invitations to attend this first big Democratic rally and the general public is invited, according to the committee in charge.

Doves and quails are migrating from Lassen, East Plumas and Sierra counties on account of the cool nights.

Hugh Tiner, president of Pepperdine College, will act as moderator during the discussion.

## Contract for Paving of Torrance Boulevard Given to Tomei Company

Contract for the paving of Torrance blvd. from Border ave. to Madrid ave. has been awarded to the Tomei Construction Company, whose bid was \$59,853.30.

The bid accepted was the lowest of several which ranged to that of \$84,320.45 of the Olympic Construction Co.

Tomei's bid was about \$19,000 over the estimates of the city engineering department for the construction of the wide street, and the State Highway department approved the acceptance of the bid only on condition that the city make up the difference in its own funds. The city's share of that cost would be only about \$7,000, it was said.

The council voted to take the additional cost from its road funds and to proceed with the work.

The boulevard will be paved its entire length and the cost includes curbs and drainage at intersections.

## TORRANCE MAN DIES AS BOAT SINKS

Eagerness of David E. Houllion, 36, of 3223 Cherry st., North Torrance, to take a ride in a boat in a slough at 218th and Figueroa sts. prompted him to disregard a warning that the boat was a "sieve" and he was drowned.

So said deputy sheriffs from the Firestone station, who investigated the case and found a heroine and a hero played a part in the tragic Sunday afternoon drama.

Kathleen Nelson, 914 Gardena blvd., Gardena, saw Houllion struggling as the boat sank in more than 30 feet of water and started to swim to his rescue. It was apparent to Albert Miller, another spectator, that the woman was soon in difficulty as she tried to reach the struggling man. Miller pulled her from the water but could not reach Houllion.

Funeral services were held yesterday at St. Anthony's Church, Gardena, with Stone & Myers mortuary in charge and

## New Owners are Operating Ideal Vegetable Dept.

Paul Banks and Gus Drake are the new owners and operators of the vegetable and fruit department of the Ideal Ranch Market.

They will conduct a self-service department, both retail and wholesale. Both are well known throughout the produce growing and marketing districts of Southern California, having been connected with larger markets of Los Angeles.

Their contacts will permit them to bring the finest produce to the local market, they said.

Father Augustus C. Murray officiating, followed by burial at Holy Cross Cemetery.

Houllion leaves the widow, Aleene L. Houllion; two young sons, David and James, and his parents, Mr. and Mrs. Edward Houllion, Los Angeles.

He was employed as an electrician at California Shipyard. He was the fourth recent victim of drowning in unregulated Bixby slough waters.

## Torrance Bus Accident Rate Extremely Low

Torrance Municipal bus lines have an accident record of but one-fifth an accident in 100,000 miles, insurance records show, and two of the drivers have been awarded certificates of two years' driving without an accident by the National Safety Council.

The drivers so honored are H. C. Callihan and Howard Currelle. C. Z. Ward, bus manager, said that the accident rate of .20 per 100,000 was established over a period of 247,000 miles of travel.

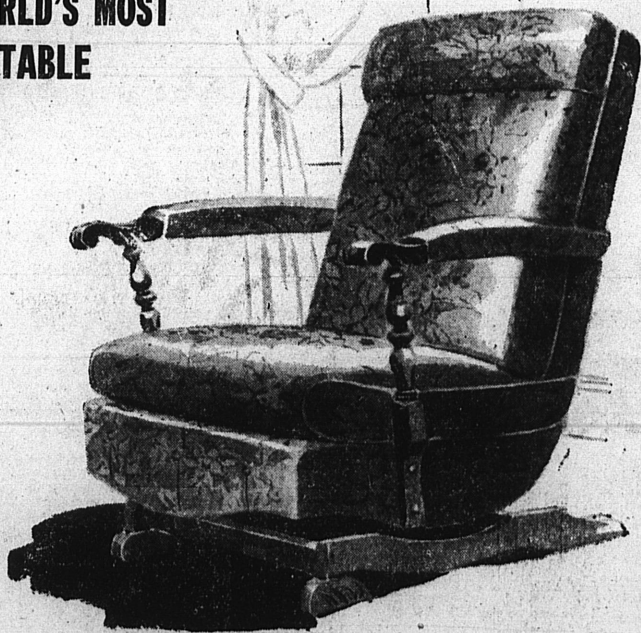

This means that at the same rate Torrance buses would have only one accident in half-million miles of travel.

The national average in this period was 1.42 accidents per 100,000 miles traveled.

### ATTEND ICE SHOW
