## T.H.S. Girls' League Program Well Rounded

By EUNICE ABRAMSON  
Under the supervision of Miss Elizabeth Parks, vice principal of Torrance High, the Girls' League council has planned an active semester.

The officers of the council are: President, Bernice Cline; first vice president, Elsa Stanley; second vice president, Beverly Hopkins; secretary-treasurer, Lois Severin; reporter, Shirley Severin; historian, Nancy Wilkes; pianists, Nancy Ann Whyte and Eunice Abramson.

Also sitting in on the council meetings are representatives from each home room, from the B-7 to the A-6.

The motto or pledge of Girls' League has always been "Friendship, Service and Loyalty" and it is toward the fulfillment of this pledge that the council is working.

At the beginning of each semester the council makes a platform containing ways that the girls can accomplish these three pledges. This semester the council has begun work on the platform and has definitely established the planks of Friendship and Service.

To promote friendship among the girls of Torrance High, the Girls' League council is sponsoring three "aud" calls, the first of which was presented on Wednesday, Oct. 25. It took place during the first period and was to usher in "Hello Day."

On "Hello Day" all the girls wear tags which state merely "Hello," but the custom has been to have as many girls as possible sign them.

The program at the "aud" call consisted of a short talk by Elsa Stanley, vice president of Girls' League, on the purpose of "Hello Day." Then Lois Severin, Girls' League secretary, spoke about the dress regulations for the girls.

The girls enjoyed particularly the short play, entitled "While the Toast Burns," given by Mrs. Elizabeth McKinnon's dramatics class. The characters were: Herbert Canby, Bert Smith; Ruth Canby, Dorothy McKee; Grandmother Canby, Shirley Vandeventer; Bert, Jr., Sam Internelli; Mary Lou, Lulu Cobb; property chairman, Margaret Roscoe; assistant chairman, Dolores DeLaye.

Then there were yells and songs led by the Girls' League song leaders, Barbara Lock, Barbara Moyer, Dolores Hanks and Nadine Paur.

Also toward promoting friendship, the council is planning meetings in the girls' gymnasium at which there will be various kinds of entertainment, including local talent, skits, dancing and singing. By way of refreshments, ice cream will be ordered through Mrs. Fern Straus, business manager. The girls may wear slacks to these rallies, which will take place during the sixth period. The first will be on Nov. 8 for the junior high and the following day for the senior high.

## Evangelistic Mission Opens Here Sunday

A two weeks evangelistic mission will open Sunday in Central Evangelical church, Marcellina at Arlington, in Torrance. Rev. Byron E. Chapman of Porterville is to be the evangelist. He will be assisted in the meetings by Everett C. Mills of Los Angeles.

Preparations for the meetings have been in charge of the local church committee on evangelism. Neighboring and Los Angeles churches are cooperating in the meetings. The various churches have been assigned a night for particular representation at the meetings.

Rev. Chapman will preach at both the morning and evening services Sunday. "The Strategy of Jesus" is to be his morning topic, while the "Strategy of Satan" is to be his evening theme. The visiting evangelist, who is on leave from the Indiana Conference of the Evangelical church, is successful and outstanding both as a pastor and as an evangelist.

Mr. Mills is known throughout America for his exceptional work among children. Afternoon children's meetings will be conducted during the last week of the meetings. This will be conducted as a union effort by several Torrance churches. In addition he will direct the congregational singing and present instrumental numbers from time to time during the evangelistic mission.

rious kinds of entertainment, including local talent, skits, dancing and singing. By way of refreshments, ice cream will be ordered through Mrs. Fern Straus, business manager. The girls may wear slacks to these rallies, which will take place during the sixth period. The first will be on Nov. 8 for the junior high and the following day for the senior high.

To bring service to the girls of our school, the Girls' League council is having made a song book which will contain all the Girls' League songs.

Also under the heading of service, comes the organization of ushers. These 24 girls assist at school affairs which require ushers and sometimes at outside civic affairs. Carrying on the service pledge, hostesses will be on hand to welcome new students into our school and make them feel at home.

At the next meeting the council will plan ways of keeping the loyalty pledge. So, as you see, the Girls' League council has a busy and, as is hoped by all members, a very successful year ahead.

## Why a Steel Mill is a Safe Place to Work

The picture above shows one reason why the steel industry ranks among the nation's first three major industries from the standpoint of safety. This toy-size model of an overhead crane used in steel mills is complete to every moving part and safety feature, and a tiny electric motor makes it run just like its giant counterpart. Built by Richard V. Milligan, safety instructor at a plant of United States Steel, it is used in classroom safety meetings to teach workers how to avoid accidents. This is only one of scores of safety devices and practices used for the protection of U. S. Steel workers. The famous slogan "Safety First" was born in the plants of United States Steel at the turn of the century.
