## Letters to Editor

Oct. 20, 1944 Editor, Torrance Herald:

Editor, Torrance Herald:
After studying Mr. Willett's
houghtful answer to my letter
of last week, and after interriews with leaders in the P.T.A.
und public spirited citizens, I
lave come to several conclu-

have come to several conclusions.

I believe that the personnel of the Torrance schools is performing in good faith its task of educating our children. But these educators are of the Los Angeles system and we citizens of Torrance must stand on our own feet and decide independently to remain as we are or to break away.

It has been stated that the current bickering and dissatisfaction makes more problems in the school. Parents of Torrance should be aroused enough to settle the education question.

sould be aroused enough to settle the education question and then to live peaceably with their educators. Here are three pertinent ques

their educators.

Here are three pertinent questions:

1. Do the people of Torrance care that they pay \$2 for a \$1 return on education?

2. Which is to be done first, Torrance to acquire local control of the schools it now has, and the important improvements and enlargements which will be necessary after the war, or to continue bartering for a junior college in this area?

3. If previous elections for independent schools have failed because of lack of interest on the part of parents, which, or ganization would best serve the community to provoke interest—the P.T.A. or a new Parents Association?

What are your answers?

What are your answers?

Yours truly, N MRS. EVELYN L. CARR 1544 Marcelina ave.

With the biggest battles of the Pacific still ahead, the West must take a still more active part in the war. You are needed here, in Australia perhaps, or elsewhere behind battlefronts, to give our men the needed attention. The care and rehabilitation of the sick and wounded is a woman's noblest work. Get info it if you can. If you are between the ages of 20 and 50 and have no children under 14, or other dependents, call the nearest U.S. Army recruiting station.
