CHRISTMAS V-MAIL WAR BOND CERTIFICATES, OVERSEAS GIFTS

Southern Californians who planned to send Christmas packages overseas, but "missed the boat" or who desire to make an additional contribution to the morale of their fighting men and women now are given that opportunity.

The "best gifts of all" Christmas V-Mail War Bond Certificates, will be accepted up to Dec. 10 by the postoffice for overseas mailing in time for Christmas.

The V-Mail bonds, originated in Southern California and adopted nationally, are being pushed in this area by the Treasury War Finance Committee's women's division and retailers "Third Army" during the Sixth War Loan drive, which opens Nov. 20.

The certificate, reproduced on the inside of an unfolded regulation size V-Mail envelope, is an exact facsimile of the bond you will want to buy for him or her during the drive. The issuing agency will stamp the certificate as proof that the bond has been actually purchased, and the certificate will bear the

name and home address of the recipient, just like the actual bond.

All issuing agencies in Southern California, including Victory booths, retail stores and others, are being supplied with these V-Mail Christmas Bond Certificates.

However, bonds for overseas mailing must be purchased before Dec. 10, as that is the final day for mailing in time to reach the boys and girls at the fighting fronts before Christmas.

SCOUT MOTHERS POSTPONE MEETING
Mothers' Club of Troop 217 has postponed their meeting to Thursday evening, Nov. 30. The ladies will meet at Christian church to plan for a Christmas party.

FAMILY REUNION

Mr. and Mrs. Robert F. Lessing and daughters, Marcia and Linda, Mr. and Mrs. J. R. Carriek, Sgt. and Mrs. J. Leslie Carriek will be dinner guests of Mr. and Mrs. Robert Carriek of Compton.

Intrastate Fares Reduced for Discharged Vets

Reduced intrastate railroad travel rates for discharged service personnel now are in effect on the Santa Fe railway in California. It has been announced by C. C. Thompson, general passenger agent for the company's coast lines.

The new intrastate rates are one-way special coach class fares enabling discharged personnel of the Army, Navy, Marine Corps or Coast Guard to travel within California for 1.25 cents a mile

or less, Thompson said. To obtain the special rate, discharged service men or women must be traveling at their own expense and must present an identification certificate issued by their branch of service showing that they have been released from duty.

Similar low rates on interstate travel between all points in the United States were established by the nation's railroads on Sept. 1.

NEW NAVY BLINKERS
The Navy requires the shutters used to blink its light signals to last a long time—at least a couple of million operations—

and at the same time shutters have to be light in weight. Engineers had difficulty meeting these requirements until Westinghouse designed one that works like a Venetian blind.
