and get 'em  
the **NEXT DAY**  
at 4:00 p. m.

Yes... here it is! The answer to a long-felt need for emergency dry cleaning service... to serve the busy people of the area who need their clothes NOW... and not next week! We hope everyone will not request this fast service... but for those who need it, we will have it for them. So if and when you are in a hurry... We can take care of you!

## No Sacrifice in the Quality of Our Work

We have not sacrificed in any manner the quality of our work because of this fast service! Certainly, you can come here and expect the same quality of fine dry cleaning as we have always given you in the past.

## All Work Done in Our Own Plant

The Torrance Laundry & Dry Cleaning Company maintains one of the largest and most complete laundry & dry cleaning plants in this entire district. We do all our own work, with the most modern equipment, and use the finest methods employed in the industry. Our workmen are skilled and experienced... thus we can guarantee the quality and satisfaction of our dry cleaning—a guarantee that means something.

### Red Cross Drive Chairmen to be Named Soon

Paul K. Yost of the Security First National Bank, Los Angeles, and vice chairman of the Los Angeles Chapter American Red Cross, and Mrs. Edwin Loeb, chairman of the chapter's volunteer special services, have accepted the additional responsibility of filling two fund campaign posts newly created and announced by the board of directors and the general campaign chairman, David T. Babcock, today as chairman and vice chairman respectively of the geographic division in the forthcoming campaign for funds with which to carry forward the Red Cross services on all battle and home fronts for the coming year.

In introducing Yost and Mrs. Loeb as geographic chairman and vice chairman to regional campaign leaders meeting at Chapter House last week, Babcock explained: "The new posts were created this year to simplify and coordinate campaign problems throughout Los Angeles territory, and to bring the districts, branches and areas more closely together in carrying forward the 1945 fund campaign to a rapid and highly successful conclusion. The new leaders will be ready at all times to be of assistance to the chairmen and co-workers of the different residential campaigns."

Babcock anticipates announcing the names of the chairman and other top leaders of the Torrance Red Cross Fund Campaign for 1945 early next week. Immediately following the announcement of the geographic chairmen, Babcock revealed the acceptance of Arthur C. Stewart, vice president Union Oil, as over all chairman of the commerce and industry division and of its campaign executive committee. Volunteers in this group already are in the field, about two months ahead of other campaign divisions, as many firms and executives have expressed "the desire to make their 1945 Red Cross fund contribution during the current calendar year."

### Heavy Trucking In Walteria Is Hit In Letter

Heavy trucking on residential streets of Walteria cannot be stopped unless the streets are posted, and authority to post has to come from the City Council, Chief of Police John Stroh told the council Tuesday night after a letter was read from Edsel Newton protesting the use by oil trucks and trailers on residential area streets.

"Councilman N. H. Cucci suggested that Stroh take action in the matter," but Stroh said the police department enforces the laws and cannot make them. The matter is being given further study.

The council approved a street light for Neece ave. near 242nd st. in Walteria.

### Judge Pays \$300 Fine for Illegal Pheasant Catch

For taking over the limit of pheasants one day before the opening of the season, William Sweeney, city judge of Daly City, was fined \$300 by Judge W. L. Callender of Willows. The case was tried Nov. 30, after Judge Sidner of Orland disqualified himself and requested Judge Callender to act in his place.

The arrest was made by Fish and Game Wardens Rifford, Tut, Floyd Loois, E. J. Johnson and Earl Vail, who apprehended Sweeney with six wild pheasants in his possession.

H. E. Moore, Vallejo shipyard worker, was arrested Nov. 26 by Wardens Vail, Sawyer, Tut and Loois for having three untaged pheasants over the daily limit in his possession. Moore was taken before Judge Flint P. Sidner, of Orland, and fined \$125.

### Amazing Fast Relief For COUGHS

At first-class drug stores everywhere. Satisfaction guaranteed or money back. DISCOUNT CUT RATE DRUGS

### Christmas Seals Pay for Workers' X-Ray Exams

"Proof of the power of Christmas Seals in the crusade against tuberculosis is demonstrated by the fact that Christmas Seals—purchased by Los Angeles residents—have paid for the x-raying of 29,059 workers in Southern California industries."

Paul K. Yost, chairman of the Industrial Health program of the Los Angeles County Tuberculosis and Health association, made this statement yesterday in revealing the November report of the Industrial Health Program committee.

Yost pointed out that of the 29,057 persons that have been x-rayed, approximately 859—or 3.2%—suspect cases had been found. Since the inception of the x-raying program, 121 war plants have received the service.

All work is done by the association's mobile x-ray unit which goes from plant to plant and is fully equipped to do on-the-spot x-raying. All work is free to workers, as the x-raying is completely paid for by the yearly sale of Christmas Seals.

Among other work conducted by the association is a school tuberculosis testing program, a heart disease program, and health education work to show people how to prevent and cure tuberculosis.

### Harbor District Chamber Will Elect Tonight

The Harbor District Chambers of Commerce will hold their 12th and final dinner meeting of the year 1944 on Thursday evening, Dec. 14, at the Elks Club in Compton, dinner being served at 6:30 p.m.

Secretary Lynn W. Ballard's official announcement of the affair follows:

Business session at 5 p.m. Dinner served at 6:30 p.m. All committees will make a final report for the year 1944.

On hand to welcome the members will be William Jenner, president of the Compton Chamber of Commerce, also Clifford D. Higgins, representing the Manhattan Beach Chamber of Commerce.

Entertainment is in charge of George Quinn, secretary of the Compton Chamber of Commerce.

Raymond V. Darby, new member of Los Angeles County Board of Supervisors, will be present.

Representative Clyde Doyle, 18th Congressional district, will make the principal address of the evening, the subject being

### Banning High Faculty to Present Play

Faculty members of Phineas Banning high school will present the frolicking three-act comedy, "Mr. and Mrs. North," tomorrow night, Dec. 15, in the school auditorium, 1500 Avalon blvd., Wilmington, at 7:30 p.m.

The play, famous in a popular radio series, is a murder mystery, written by Owen Davis and directed by Mrs. Ruby Davis, dramatics coach of the school.

Twenty instructors are cast in the production which is to be given as a pre-vacation greeting to the Marine public.

A matinee performance on Wednesday for the students was hilariously received.

Following the final curtain a midnight supper will be held in the teachers' cafeteria in honor of the cast and Mrs. Betty Horn, former vice principal who is now principal of Horace Mann junior high school in Los Angeles. A desk set will be presented to Mrs. Horn by Principal H. E. Gross in the name of the faculty as a reminder of its esteem.

"The Greatest Congressional District in the United States," Frederick J. Pym of Bell, president of the organization, will preside.

### Electrical Code Action Delayed By Council

The City Council wants to study the 1941 universal electrical code of the Pacific Coast Electrical Bureau before it adopts the code in Torrance, it was decided Tuesday night when O. D. Butterfield, city electrician, presented the code for adoption.

Councilman C. M. Gilbert said that he thought the council should have time to study the code before its adoption, and suggested that it be referred back to the council and to the city attorney at a later date.

Butterfield also asked that the sale and disposal of electrical material, devices and appliances in the postwar period be governed by an ordinance adopted at this time, but the whole matter was delayed until a future meeting.
