LOCAL BUS SERVICE PROVES POPULAR; TRAFFIC NEARS THAT OF LOS ANGELES LINE

Torrance Municipal bus lines enjoyed a gross business of \$6,941.59 during the month of November, according to a report of Bus Manager C. Z. Ward to the City Council. The report showed the local service slowly gaining on the Los Angeles service. In passenger volume, the local loop service, operating on the Carson, Greenwood, Torrance, blvd., on the west side of Torrance, and Vermont, 190th and Western ave., on the north, had an average load of 20 passengers per trip, the report shows. Income from this service for the month was \$602, with the passenger load running as high as 634 persons a day, and averaging 400 per day. Loop service was changed two weeks ago to include Waltham, Lomita and Harbor City.

The Los Angeles lines enjoyed a total revenue of \$6,338.84, or an average of \$10.50 per round trip. This computed in round trip would amount to 25 passengers per trip, only 20 percent heavier than the local service.

The local service, while it is proving a little more expensive, is popular with residents of the whole district, and with the merchants, in that it is attracting business and providing much needed transportation to those stranded by gasless automobiles or limited supplies of the fuel.

Of the revenue last month, \$2,301.71 came from the fare boxes; \$1,186.70 from Beacon drug ticket agency; \$2,724.75 from the Los Angeles (Tenth and Hill) ticket office. Total revenue was \$6,941.59.

WOOL JACKETS

Army personnel in the United States have been authorized to water, at their option, a new olive drab wool jacket in lieu of the service coat, the Ninth Service Command quartermaster, at Fort Douglas, Utah, said today.

Big Money for Charities and State at Races

Hollywood Park closed its southern turf revival meeting Saturday after an amazing 34-day run that attested glowingly to the popularity and public approval of the thoroughbred game as a war time sport.

Hollywood Park's avowed intention of obtaining greatly needed war relief funds resulted in a program that brought returns far exceeding all predictions. Thus racing justified its existence in more ways than one—recreation, relaxation, war relief went hand in hand.

Incomplete figures show that more than \$1,013,481.26 already distributed by Hollywood Park to war relief agencies and welfare organizations, direct contribution from special days staged during the regular fall session.

This amount will be increased in the next few days when final settlement is made. The total of \$1,013,481.26 thus far donated was split as follows:

Nov. 1—War Chest, \$140,716.11.
Nov. 11—American Legion, \$161,743.70.
Nov. 23—War Rehabilitation Day, \$172,718.88.
Nov. 25—American Red Cross, \$162,349.62.
Nov. 30—Calif. Turf Foundation and CBA, \$106,728.42.
Dec. 6—National Foundation Infantile Paralysis and Hollywood Turf Club Child Welfare, \$123,946.21.

Dec. 14—U. S. Army Air Force Aid Society, \$145,278.32.

Hollywood Park during the meeting initiated a program of free admission to those buying war bonds at the park entrances. The management is gratified to report the sum realized in the war bond sales passed the million dollar mark. Total war bonds for admission, \$1,049,600.

The state of California, partner of Hollywood Park, in sharing the tote tax benefitted to the extent of \$3,276,937.96, according to official statement today by A. B. Fiske, California Horse Racing Board.

This constitutes a new record. Total wagered, 34 days, \$59,608,966. Average, \$1,753,204. Farming and agriculture (Fair and Exposition fund) benefitted to the tune of \$2,384,358.64. General fund, \$892,179.32. On the final day a record amount, \$3,290,356, went through the machines. Best single race—the Hollywood Gold Cup—\$601,571.

Medal of Honor Is Described

If he wears the light blue, watered silk ribbon containing 13 white stars arranged to form a triple chevron he has been awarded the highest War Department decoration—the Medal of Honor.

The Medal of Honor is awarded only to a soldier who has distinguished himself conspicuously by gallantry and intrepidity at the risk of his life above and beyond the call of duty, to clearly distinguish him above his comrades.

Torrance Area Welfare Council

The change of name to Torrance Area Welfare Council, appropriate to the larger territory to be served, was an important item of business at the Torrance Community Council Thursday evening. With the inclusion of Lomita, Rolling Hills and Palos Verdes in the War Chest, health and welfare services for these areas are to be provided from the Torrance Service Center. Plans for the change of name and by-laws, which place the organization on an official basis, were made by a committee composed of Mrs. Margaret Voorhees and Mrs. W. E. Bowen.

Harry Lewis, acting as chairman in the absence of Hillman Lee, made the report of the committee on the Pueblo, the chief item of business.

Father Wood presented the plans which include raising funds for the construction of a social hall just back of the Catholic church. He stated that an enthusiastic meeting had been held in the Pueblo and plans made for raising money within the Mexican group to supplement the efforts of Torrance service clubs and merchants. It was announced that the City Council had voted to take an option on two lots in the Pueblo for recreation purposes. It was voted to request the city to increase the number of lots to four, so that adequate playground space would be provided.

Reports were given by the Y.M.C.A. and the Family Welfare Association advisory committee, and it was announced that the Visiting Nurse Association will bring their services to Torrance after the first of the year.

Filipinos Glad To See Americans As They Return

The Filipino people welcomed American troops landing on Leyte and other islands of the Philippines with open arms, as the Japs "sure treated them terrible," according to Cpl. H. J. Deems, serving with the headquarters detachment, 6th Army Engineers, in a letter to Miss Irene Mills, of Torrance high school.

"They (the Japs) took everything the Filipinos owned, but in a few months they will be set 'up' again," Deems said. "School is starting today (Nov. 6). The girls here are very nice. They try to look their best in what clothes they have."

Corporal Deems has been overseas 14 months.
