Available now . . . Bank of America VET-LOAN PLAN

Complete new loan service for World War II Veterans exclusively

Loans—low cost loans to veterans who want to own a home—are now available at Bank of America through Vet-loan Plan. Farm and business loans through Vet-loan Plan also will be available as soon as official forms come from Washington.

Vet-loan Plan is the Bank of America's way to provide returning veterans all the money-borrowing rights of the Servicemen's Readjustment Act of 1944, as well as additional credit facilities of the Bank. Vet-loan Plan makes it possible for the veteran to get the right loan for his individual needs and to take fullest advantage of the "G.I. Bill of Rights" plus other Bank of America credit services.

Under this Act the government does

not give the money, nor lend it, but provides certain guarantees of loans made to qualified veterans. "G.I. Credit" requires approval by the Veterans Administration.

Bank of America cordially invites men and women in or just out of the service—or their relatives—to call at the nearest branch and discuss Vet-loan Plan. We consider it a privilege to serve them.
