

Keep the March of Dimes Marching!

so that
YOU
and yours
can

Keep Well and Working!

The war at home against Infantile Paralysis must still be fought!

It is a war without end . . . till we've at last defeated forever this GREAT ROBBER of the nation's health!

For Infantile Paralysis strikes without warning . . . strikes the rich and the poor . . . the young and the old . . . the healthy and the ailing . . . it is no respecter of anyone any time! Your dimes . . . one or a thousand . . . sent direct to the President of the United States at the White House, fights this sinister saboteur of the home front! It is what you can do to

help control and knock out this great national menace . . . and to take care of you and yours should Infantile Paralysis strike in your own home!

Your children are America's future. It is for them . . . for it strikes them more often . . . that the National Foundation for Infantile Paralysis was created. Everyone shares the responsibility of its support. It belongs to all of us from the President down.

Won't you send that dime . . . one or a dozen or more . . . on to the White House today! Please do . . . and just say, "I'm fighting too!"
