

Front wheels out of alignment is not the only form of abnormal tire wear to worry about. Loose wheels, or those out of true, are also a source of trouble. This applies to the rear wheel as well. It is a good plan to jack up the wheels occasionally and spin them.

STAINS

Stains on your best tablecloth are hard to take, but it isn't hard to take them out once you know how. To remove candle wax, scrape off as much wax as possible, then place a blotter beneath and above the stain and press gently with a warm iron. If any grease remains try sponging with carbon tetrachloride. The treatment is the same for wool, silk, rayon, cotton and linen fabrics. But remember—and this goes for all stains, regardless of the cause—remove as promptly as possible, and BEFORE LAUNDERING in any event.

Greyhound in Seventh Big War Campaign

With the publication today of their seventh large advertisement promoting enlistments in various branches of the armed forces, Pacific Greyhound Lines undoubtedly qualifies as a potent force in volunteer recruiting for Uncle Sam. Newspapers were chosen to carry these messages because of their broad coverage, and each of the advertisements appearing in over 500 western newspapers reached millions of people in seven states. In addition, many Greyhound buses have been painted with recruiting messages, which have been carried in this way into the vast territory served by Pacific Greyhound.

How and why this unusual type of advertising was adopted was explained by F. W. Ackerman, vice president of Pacific Greyhound Lines.

"After Pearl Harbor," said Mr. Ackerman, "Greyhound's war job became a vital one to the nation. All of our buses were put to work transporting military personnel, war workers and other essential passengers. We were handicapped by shortages of buses, parts and materials, and personnel."

"However, Greyhound adver-

tising still had important work to do in keeping people informed on travel conditions. We continued to use newspapers to carry these messages.

"Recognizing the urgent need of the armed forces, Greyhound volunteered to run an advertisement for the Navy to help get recruits for the Seabees. This advertisement created unusual interest in every city and town where it ran, and also produced good results in stimulating enlistments. Since then Greyhound has run six more advertisements of a similar type, featuring the Waves, the Wacs, Navy Nurses, Women Marines, Navy radio technicians and other specialized service organizations in need of personnel.

"Greyhound is happy to do its share in this way in helping the recruiting program of the armed forces, and to help bring victory closer."

The seventh of the Greyhound recruiting advertisements to appear in the Torrance Herald and Lomita News is published in this issue.

Supervisors to Be Given Course At U.C. School

For those already employed in a supervisory capacity in a shipbuilding war industry, the University of California War Training Center will give a course in Design and Repair of Ship's Structures, starting Feb. 27, at 7:00 p. m.

This course will furnish the background and detailed information necessary to properly design all parts of a ship's structure for new construction, conversions, or major repairs in accordance with the requirements of the American Bureau of Shipping.

This class will meet in the Long Beach War Training Center, 240 East Third st., Tuesdays, 7:00 to 9:30 for a period of 16 weeks.

Enroll early at 240 E. Third st., or at the first class session. Telephone Long Beach 6-6735.

Panel Proposes Raise for Clerks

Compromise wage increases of from two to five cents an hour have been recommended by a panel of the Tenth Regional War Labor Board for nearly 500 clerks in retail stores in Torrance, Wilmington and San Pedro.

Wage boosts and other new contract provisions, however, must be approved by the regional and national boards, subject to possible employer or union appeals before they go into effect.

The union contract expired in February, 1944, but continued in effect pending a new agreement.

Current basis wage rates give women clerks \$28.75, men \$37.38, clothing clerks \$46 plus commissions, pharmacists \$54.80 and office workers from \$31.63 to \$51.75 weekly, depending on classification.

TO PREVENT SAGGING Iron bias-cut garments with the grain of the fabric, rather than from neck to hem or else sagging may result.

NOT NECESSARILY

Is reading in bed harmful? The answer is "No," say authorities. "But you must have the right kind of light." Recommended are either a floor or table lamp placed close to the bed and tall enough to cast a glareless circle of light on the printed page. Also satisfactory is a "pin-up" lamp hung on the wall over the head of the bed. Thumbs down, however, on a bed lamp hanging on the back of the bed.

SHOES REBUILT

The Quartermaster Corps is now engaged in a shoe-rebuilding program which each month re-fits for service 350,000 pairs, plus new procurements.
