

## Torrance May Get Housing Allocation

(Continued from Page 1-A)

Sons were served by the local USES office in Torrance during the calendar year 1944. A large number of these placements are now obliged to travel to and from work over a number of miles, thereby usurping public transportation abnormally. If we had more housing available in Torrance, these war workers would be able to walk to and from work, utilize our loop bus service, or enjoy the share-the-ride plan without the difficulty experienced with out-of-town car owners. In addition, we have recently acquired the U. S. Navy Redistribution and Salvage Depot, which, according to official news releases, is destined to become a permanent and important station both for the war period and post-war era. We have been advised of the possible influx of 350 civil service families for this depot, and the Navy department does not as a rule, seek direct priorities to house their personnel living off the reservation. We have six local residents who are willing to erect units to accommodate all of the employees and naval personnel with private funds, providing we can obtain the necessary priorities.

"A superficial survey completed by this office today, indicates that private capital is willing to erect 750 family units within the limitations outlined in the attached telegram. We are positive that we can use this number of single family residences immediately. This is based upon the number of applications received by us for war housing and private housing from day to day within the recent past. Further confirming our conviction, this office will rely upon your agency to furnish us with necessary procedure, forms, and associated advice in ample time to insure that this area is not neglected in the current priorities assigned Los Angeles County."

## Many Streams Closing During Trout Season

Many streams and lakes have been closed to trout fishing during all or portions of the 1945 season by special order of the Director of Natural Resources, Warren T. Hannum, upon the recommendation of the Fish and Game Commission. Unless specific dates are given, these closures are effective for the entire trout fishing season.

Los Angeles county streams are as follows:

Big Tujunga Creek and tributaries from the west line of Sec. 11, T 2 N, R 13 W, S.B.M. upstream to its head, closed from June 25 to October 31, 1945, both dates inclusive.

Arroyo Seco upstream from the Angeles National Forest boundary line to its head, closed from June 25 to October 31, 1945, both dates inclusive.

Big Santa Anita River upstream from the Angeles National Forest boundary line to the head of the reservoir of the Big Santa Anita Dam of the Los Angeles County Flood Control District, closed from June 25 to October 31, 1945, both dates inclusive.

East Fork of Santa Anita Canyon Creek from the trail crossing at the end of summer home tract to its head, closed from June 25 to October 31, 1945, both dates inclusive.

Fish Canyon Creek upstream from the Fish Canyon Falls to its head, closed from June 25 to October 31, 1945, both dates inclusive.

Roberts Canyon Creek from the north line of Sec. 15, T 1 N, R 10 W, S.B.M. upstream to its head, closed from June 25 to October 31, 1945, both dates inclusive.

East Fork of San Gabriel River and tributaries from its confluence with the North Fork San Gabriel River upstream to its confluence with Short-Cut Canyon, closed from June 25 to October 31, 1945, both dates inclusive.

East Fork of San Gabriel River and tributaries including Canyon Creek and all other tributaries above Camp Bonita, closed from June 25 to October 31, 1945, both dates inclusive.

San Dimas Creek and tributaries upstream from the head of San Dimas Dam Reservoir of the Los Angeles County Flood Control District to its head, closed from June 25 to October 31, 1945, both dates inclusive.

All of the waters impounded by the Morris Dam of the City of Pasadena on the San Gabriel River.

## Moose Lodge Officers Are Installed

Public installation of Moose lodge No. 785, officers took place on the Moose hall at 1951 Carson st., on Sunday, April 29 at 8:00 p.m.

New officers installed are: Governor, Harry Raymond; Jr. Governor, John Blythe; Prelate, John Welch; Treasurer, James Evans; Trustee, A. H. Bartlett; Sergeant at Arms, Irving Floyd; Assistant Sergeant at Arms, Dolphus Simmons; Inner Guard, James H. Johnston; Outer Guard, C. R. Conover.

Women of the escort team wore corsages and the incoming and outgoing officers wore carnations presented by Torrance Lodge No. 785. The hall was decorated with an abundance of freshly cut flowers donated by members and friends and arranged by Mrs. T. J. Wilkes, member of Women of the Moose.

The work of the installation was handled by Past Governor Ernie Kunze of Long Beach Lodge No. 600 assisted by the Women of the Moose Chapter 506, Long Beach.

Dancing followed the installation of the officers.

L. J. MacArthur is secretary of the Torrance lodge.

## Four Torrance Men on Program Of State Guard

Four Torrance men participated in an hour-long radio program on station KGER last Thursday night when the time of the Peace Officers Civil Service association was turned over to the California State Guard.

Appearing on the program were Lt. Col. Leonard R. Dykes, operations and training officer, Southern District, Ninth Service Command, U. S. Army; Chief of Police John Stroh, grand president of the association; Lt. L. A. S. Schover, State Guard group 3 public relations officer who prepared the program; and Pvt. Lawrence M. Boyce, of Co. H, 2nd Bn., 39th Reg't., C.S.G., who recently was discharged from the Army in which he held grade of staff sergeant.

Colonel Dykes, former Torrance elementary school principal, declared that the "Army wants to see the ranks of the California State Guard filled to full strength."

"The function of the State Guard in event of local emergency," Colonel Dykes said, "is to protect life and property after local police have exhausted all resources and have called upon the governor for assistance. In event of local disaster, the State Guard immediately offers its assistance to local law enforcement officers to aid in protecting life and property. The State Guard's function ends there. All labor disturbance must be settled between management and labor. Under the law, State Guard troops cannot be used in strikes. Its job is to protect life and property."

"State Guard Officers rank with Army officers, and non-coms of the State with non-coms of the Federal service, grade for grade. In fact there are right now certain regular Army units attached to Critical Areas in Southern California, which the Western Defense Command of the Army has assigned to the State Guard to defend in event of possible attack, commando or otherwise. In exercises, or in event of a real emergency, these regular Army units would be under direction of State Guard critical area commander."

## Meat Points Boosted for May by OPA

Point values have been assigned to 99 1/2 percent of all meats available for civilians during the rationing period ending June 2, OPA announced today.

With the exception of about five million pounds of mutton, all meats will have point values, including cull and utility grades of veal and lamb and all grades of the less popular cuts of veal and lamb such as breasts, shanks, necks and flanks, which have been point-free.

Points were restored to the additional grades and cuts of meat for two principal reasons. They are—

1. By assigning points to cull and utility veal and lamb and to the less popular cuts of veal and lamb, it is possible to keep point value increases on the more desirable cuts at a minimum.

2. To give every person the best chance possible to get his fair share of all the meat that is available for civilians.

The changes include increases of from one to two points a pound for most cuts of all grades of lamb and veal, increases of a point a pound on most beef steaks, decreases of from one to two points on beef roasts and other beef cuts, an increase of four points a pound for margarine and an increase of two points a pound for Group 1 cheese. Utility grade veal and lamb will carry the same point values as higher grades.

Hamburger will remain unchanged at six points a pound. The point values of lard, shortening, cooking and salad oils are unchanged.

## Crown Firm May Buy San Pedro, Compton Lines

Negotiations are under way for sale of the Highland Transportation Co. bus lines on Ninth and Thirtieth sts. and to the outer harbor Navy supply depot to a Los Angeles firm, it was reported last week.

A new corporation to be known as Southern Cities Transportation Co. headed by Herbert Cameron of the Crown Coach & Body Works, bus builders and dealers of Los Angeles, is being formed to buy the San Pedro and Compton bus lines operated by Lyons, at reported purchase price of about \$200,000.

It is reported to be the same group which was seeking to buy Torrance Municipal Bus lines a few months ago. Torrance City officials turned down an offer of \$20,000 made by C. F. Kears, former city transportation engineer.

Bus line sales have to be approved by the state railroad commission.

Guy Lyons operates a dozen buses on the three San Pedro routes and 10 buses on Compton lines. Since a recent time he has had to withdraw from personal supervision of the operations, leading to negotiations for possible sale of the firm.

## Torrance Top In Marine League Tennis Play

By DAN MOON

The tennis team of Torrance High rambling through an undefeated season, clinched at least a co-championship by swamping Gardena 6-1. This makes the fourth straight win for Torrance in the Marine League. Torrance, by winning one of its two remaining matches, either the Narbonne or San Pedro match, can cop the title. The only other contender for the championship is Narbonne which will have to win every remaining match to have even a small chance. The Tartars, playing an undefeated season, will be hard to stop in the remaining matches.

Results: 1st singles won by Joe Weaver (T) over Robertson (G) 7-5, 9-7. 2nd singles won by Bill Stanley (T) over Gilliland (G) 7-5, 11-9. 3rd singles won by Jim Meyer (T) over Moore (G) 6-4, 6-2. 4th singles won by Ed Zink (T) over Zink (G) 6-3, 8-6. 5th singles won by Kenyon Kesson (T) over Clark (G) 6-4, 7-5. 1st doubles won by Smith-Standiford (T) over Ange-Sidebottom (G) 6-0, 6-1. 2nd doubles won by Hitchcock-Conners (G) over Sommer-Domiguez (T) 6-2, 6-4.

Final Score—Torrance 6—Gardena 1.

Torrance	W	L
Narbonne	4	0
San Pedro	2	2
Gardena	1	3

## Sergeant, Son Of Harbor Hills Woman, Gets Rest

Sgt. James L. Wilson, 23, son of Mrs. Libburn L. Bowden of 809 Harbor Hills, Lomita, Calif., is temporarily resting at the spacious Miramar Hotel section of the Army Ground and Service Forces Redistribution Station, Santa Barbara, following his recent return from 33 months duty overseas.

The Lomita veteran served as a squad leader in an engineer unit in Italy.

Under direction of the Ninth Service Command, the Redistribution Station, one of five established by the Army to receive service men and women returned from overseas duty, offers a comprehensive program of athletics, recreation, and entertainment to returning while they take part in reorientation discussions, receive physical examinations, and are assigned to new duties on the basis of experience and skill.

Sergeant Wilson enlisted in the

## Local Man Is Honored With WPB Award

Shipyard workers at the California Shipbuilding Corporation, Wilmington, Calif., won 21 of the 30 Honorable national awards given this week by the War Production Board in Washington for outstanding production suggestions. It was announced today by James A. White, WPB production drive chief here.

All 21 men, White said, previously won local prizes for their ideas from yard labor-management committee. Among them an idea team of H. Johnston, and Karl Ozols, 20722 Doble, Torrance, showed how to save 1920 hours per ship through pre-preparation of the nearly 10,000 cable tubes that house the "nerve system" of a cargo vessel. It now takes three minutes to install one tube, instead of 15 minutes.

Army, June 10, 1940, at Fort Knox, Ky. He attended school in Memphis, Tenn.

## James A. Atkins Wins Promotion At Army Hospital

Major James A. Atkins, 37, of Lamar, Missouri, and now stationed at the Army Hospital, Torrance, was promoted from captain to major this week.

Major Atkins has been stationed at the Torrance Army Hospital since its opening something over a year and a half ago. His particular assignments are chief of the laboratory service and hospital pediatrician.

He entered the service as a first lieutenant about three years ago, was promoted from lieutenant to captain while serving as battalion surgeon with an infantry regiment.

Following graduation from Harvard Medical School, the major practiced his profession nine years as a civilian in Lamar, Missouri. The major was quite active in civic affairs. He served one year as District Governor for Rotary International in District 136, located in portions of Kansas, Oklahoma, Missouri, and Arkansas.

### About buying and brewing coffee

COFFEE that's wisely purchased and carefully brewed will be really good coffee. Here are some plain facts about buying and brewing it.

#### BUYING COFFEE

Choose the blend that you find most satisfactory to your taste. Some are smooth and mild — some are rich and robust. But if you like it, that's the blend for you, no matter what the price tag says.

Buy fresh coffee, whether it comes already ground or packed under vacuum, or is ground to your order at the store.

Get the grind that is best suited to your coffee maker. ("Regular grind," in vacuum-packed coffee, is suitable for all coffee makers. "Drip grind" is favored for drip or vacuum makers — store-ground coffee can be specified for percolator, vacuum, drip or coffee pot.)

#### BREWING COFFEE

Clean containers and coffee makers required, if you want really good coffee. Keep vacuum-packed coffee in its own container. Before transferring store-ground coffee to your pantry container, make sure that all the old coffee has been removed (a thorough washing with soap and hot water, followed by thorough drying, insures the right result. Even a little old coffee can spoil the new). Thoroughly wash and dry the coffee maker similarly every day; once a month, boil it out in soapy water to freshen it.

Use enough coffee in your coffee maker. As a general rule, for average strength, 1 rounding tablespoon or 2 level tablespoons for each standard 8-ounce cup of water.

For stronger coffee, use more ground coffee — longer brewing simply spoils the flavor.

Have the water boiling briskly. Measure both the coffee and water carefully, each time, to avoid disappointment.

Never use grounds twice — and never reheat.
