

Grudge Match At Redondo Arena Saturday

Dutch Heffner and the Golden Terror wrestle at the Redondo Beach Arena Saturday night in a return grudge match.

In order to get the bout promoter Dave Landau had to agree to furnish extra police due to the near riot of the last show.

Heffner and the Terror fought all over the place with considerable damage to property.

It was the roughest scrap that the Redondo fans had yet seen since Landau opened the place several weeks ago.

LAND VALUE GAIN

Construction of the Union Pacific and other subsequent trans-continental railroads in 50 years increased the value of western land over 2000 per cent.

What is companionship where nothing that improves the intellect is communicated, and where the larger heart contracts itself to the model and dimension of the smaller?

—Landon

Plans For New Fire Station Ordered Drawn

The City Council Tuesday night ordered plans and specifications drawn for a new fire house for the Torrance fire department.

The present fire house, badly damaged by the earthquake, is too small and in need of repair, it was pointed out. The new central station would be located in the City Park at Plaza del Amo and Carson st., with entrances on either street.

It will be designed with sufficient space for five pieces of equipment, kitchen, quarters for firemen and other facilities.

Walteria Club Building To Be Spanish Type

Walteria's new clubhouse, in the city park recently bought by the city, will be of Spanish design and rest room walls will be tiled six feet high, the City Council decided Tuesday night on recommendation of Dale Riley, superintendent of recreation.

Also authorized was tiling of the rest rooms at the Civic Auditorium to a six foot height.

Santa Fe Asks Right to Build New Navy Spurs

Santa Fe Railroad has asked the City Council for permission to construct spurs and tracks to the new Navy Material Redistribution Center in Torrance which will involve switching across Arlington ave.

The council delayed action on the matter until an adjourned meeting next Tuesday night, seeking to avoid blocking of Arlington ave. if possible by frequent switching.

Also in connection with the project, the Council ordered estimates of cost prepared on the resurfacing of Crenshaw blvd. from Carson st. to Sepulveda blvd.

Another matter referred to the adjourned meeting is the request of International Derrick and Equipment Co. for an easement to close Oak st. south from Carson st. to Jefferson st. to permit expansion of their plant. The Navy has said it has no objections.

STORKatorials

Among children born at Torrance Memorial hospital during the past week are those of the following:

Mr. and Mrs. Harry F. Webb, 2270 W. 101 Highway, boy, May 5, 1945, 4:05 a.m.

Mr. and Mrs. Harry F. Webb, 1004 Acacia ave., girl, May 7, 1945, 7:16 a.m.

Palms Proposal For Torrance Given Commission

A proposal of Park Superintendent Fred Blake endorsed by the Torrance Retail Merchants Association that cocon palm trees be planted six to a block in the Torrance business section was referred to the City Planning Commission Tuesday night by the City Council.

The palms will add distinction to the local district, it was said.

FIRST SLEEPER

The year 1836 marked the use of the first sleeping car in the world, complete with three-tier bunks, wood stove and candle illumination.

THREE IN SERVICE . . . Three members of the Clarke family are now in the service of their country. They are Chief Quartermaster George T. Clarke of 2075 Torrance blvd., who has been in naval service for more than 28 years and who left recently for overseas duty; his sons, R. A. Clarke, in Maritime training at Avalon, and Fireman 1/c George T. Clarke, serving on a submarine tender in the South Pacific.

'San Francisco Conference Will Succeed'—Whyte

(Continued from Page 1-A)

tive Hindu garb, but mostly dressed like us Americans. An old chap from Australia sat next to me punching out his story with one finger of each hand. At the end of the room were the telegraph, cable, and wireless offices where the dispatches are filed for publication in the forty-six nations represented at the conference. San Franciscans had provided a press snack bar with free sandwiches, coffee, and soft drinks.

Above the main floor are the committee rooms where the real work of the conference is being done. When a committee on some phase of the world organization has reached an agreement, a press conference is held and a report given. These press conferences are called at most any time and upon short notice, and we all hurry to the central auditorium to get the news. After the committee chairman reads the report, the meeting is thrown open and members of the press are permitted to ask questions relative to the issue.

It was interesting to watch the interviewers. If the subject being considered concerned racial equality, for instance, the reporters from India, Armenia, and Palestine were asking more definite information, or inquiring about some matter that affected their countrymen.

"This is the first forum of the world where the inarticulate can stand and say, 'This is how we feel—this is how we think.'"

And that is another reason this conference will succeed. Plenary sessions are held in the magnificent Civic Opera House adjoining the Veterans building. It has a large main floor for the official delegates, a row of loges for the wire services and radio, a large balcony for press representatives, and a second balcony for those few guests (mostly friends of delegates) who are fortunate enough to get tickets.

It should be remembered that for every disagreement among delegates there are many, many more issues upon which they are in complete accord. But it is the disagreements that make news, and for this reason it is the discords that get the big play in the newspapers and on the air. Because of this situation, many folks are getting an erroneous opinion of the progress being made. I attended many press conferences and listened to many problems being discussed. While there were differences of opinion often expressed, in every instance there was a willingness to compromise. Strong arguments were made by individual nations for their particular views, but running through the entire conference is a compelling conviction that it must succeed if humanity and civilization are to survive. As long as this determination exists—and there is every indication that it will—most

When decisions pertaining to mandates and trusteeships were being given, the press members from Egypt, Australia, and other colonial countries were on their feet asking questions. But regardless of whom they were or upon what issue they wished information, all were heard and answered so far as the committee delegates were able. When questions were asked on subjects upon which decisions had not yet been reached by the conference committee, it was so reported.

If a delegate gave his report in French, Spanish, or other foreign tongue, the report as well as all questions and answers were translated in English, so everyone could understand. What I am emphasizing is that there was complete and unrestricted freedom of expression even though the interviews lasted several hours. And that is one reason this conference, in my opinion, is going to succeed.

On major issues, or when unanimity of opinion cannot be reached by the committee, a plenary session is held and the matter voted upon by all delegates of the 46 participating countries. General Carlos P. Romulo, chairman of the Philippine delegation, eloquently expressed the theme of the conference to us by saying:

"That night, I attended the famous 'gang dinner' at the San Francisco Press Club, where we had an 'off-the-record round table' with such personalities as: News Commentator H. B. Kaltenborn, Robert St. John, Charles Hodges (of the Eastern stations), Major George Fielding Elliott, Baukhage, not to mention Labor Leader Sidney Hillman, Walter Winchell, and others. But as I said before—all was 'behind the Black Cat'—press club symbol for 'no quotes,' so I'll have to tell you privately about that session.

Kaltenborn, Robert St. John, Charles Hodges (of the Eastern stations), Major George Fielding Elliott, Baukhage, not to mention Labor Leader Sidney Hillman, Walter Winchell, and others. But as I said before—all was 'behind the Black Cat'—press club symbol for 'no quotes,' so I'll have to tell you privately about that session.

That night, I attended the famous 'gang dinner' at the San Francisco Press Club, where we had an 'off-the-record round table' with such personalities as: News Commentator H. B. Kaltenborn, Robert St. John, Charles Hodges (of the Eastern stations), Major George Fielding Elliott, Baukhage, not to mention Labor Leader Sidney Hillman, Walter Winchell, and others. But as I said before—all was 'behind the Black Cat'—press club symbol for 'no quotes,' so I'll have to tell you privately about that session.

CONFERENCE SIDELIGHTS

(Continued from Page 1-A)

fanatically, in that belief; we strengthen that fanaticism when the Emperor is not touched; if American bombs fall on the Imperial Palace, and the Emperor is in the ruins, we will smash the fanatical belief, break down Japanese morale.

"We will thus show that this man presented to the Japanese as a son of God is really a son of something else."

Romulo is alert to
