

## Lions Club Learns About Police Dept.

Torrance Lions Club learned about the operation of the City Jail during and following the weekly meeting Tuesday noon, two members learning the "hard way."

During a talk by District Governor Eddie Baker of Hollywood, a police officer entered and took possession of Lions R. L. Plummer, Jr. and Herbert C. Allen. Stunned, the club sat silently until their departure, and District Governor Baker continued his talk until conclusion.

Retiring to the police department where Chief John Stroh explained the workings of the Torrance police, the Lions found Plummer and Allen secure within the confines of "Hotel Stroh." Explaining that the Torrance jail may be small, "but just as hard to get out of as the county jail," Chief Stroh showed the Lions the procedure, accommodations, communications and weapons of the police department, and then let the "culprits" go free.

Dr. Rollin R. Smith, first vice president, presided in the absence of President Harry Lewis who was attending a conference in Los Angeles of Governor Warren's Post War Planning Commission.

Baker, in his talk, explained the troubles which are encountered by the Selective Service Board on which he serves, on "skid row," downtown Los Angeles. He explained how the board overcame the ability of gypsy men to avoid service, how it overcame the 33 per cent syphilitic population among men of "skid row," how "quack" doctors keeping men out of service for a "fee" were dealt with, and how the F.B.I. is aiding in eventually running down all delinquents, even women who had posed as men up to the time of induction.

## Lewis Joins FairFleet Organization

Harry B. Lewis, resigning executive secretary of the Torrance Chamber of Commerce, will be associated with Edsel Newton in the organization of a world-touring FairFleet of postwar surplus ships to carry an expedition to world ports.

This was revealed by Lewis and Newton this week. Newton, associated with the Herald-News and marine editor of the Long Beach Press-Telegram and Sun, first published his proposal for such an expedition March 5 and it was acclaimed internationally as a great plan for restoration and perpetuation of peacetime world trade.

Lewis may have other business associations in this area, he revealed. Gradually, Lewis said, steps will be taken toward formation of a corporation and the ultimate organization of a fleet of ships carrying all the exhibits seen at a modern world's fair. Reference to Newton's project is found in a growing number of national magazines after its appearance in hundreds of newspapers.

Lewis added: "The plan is a natural for all America and the rest of this war weary world. We will keep on the course laid down in the initial plan to take to the world a new era of peace, progress and utilization of world resources. We don't believe American industry could possibly be so short-sighted as to ignore its possibilities."

## \$1,000 Limit On Building Without WPB OK

Restrictions on new building, repairs and alterations for single-family dwelling units have been lifted to a point where \$1,000 worth of work can be done without War Production Board authorization.

Other cost limits permitted without W.P.B. sanction include \$2000 for two-family units, \$3000 for three-family units, \$4000 for four-family structures and \$6000 for five-unit dwellings.

The limit for offices, stores and other commercial buildings is \$5000; \$25,000 for factories; \$10,000 for churches, U.S.O. structures, playgrounds and so on; \$1000 for farmhouses or other types of farm buildings.

Further liberalization is the proviso that earth removal, placement of foundations and other preparations for building do not have to be included in the cost limitations. The exemption of cost of labor when performed by the owner is retained as is cost of secondhand material.

## Plummer-Hefner Back in Redondo Saturday Night

Promoter Dave Landau is bringing back Lou Plummer, sensational ex-service man, to wrestle Dutch Hefner at the Redondo Beach Arena Saturday night.

Last week Plummer, who was one of the first Americans to land on the beach at Sicily, won the one-night tournament of thrills.

Plummer is cutting a wide swath in wrestling circles from coast to coast with a style mixture of being rugged and also clever.

Count Rossi usually seconds Plummer. Critics say that Plummer and Rossi are the best team in grappling.

Hefner has become the idol of the Redondo club with his clean but strong and aggressive style. He doesn't ask any quarter from an opponent. He only wants what is coming to him.
