Wire Recorder Messages Are Actuality

The ideas of "Buck Rogers" are not beyond the realm of actual development, Chester Fields, commercial representative, The Western Union Telegraph Co., Los Angeles, told a joint meeting of Torrance and Redondo Beach Lions Tuesday in the Civic Auditorium.

In fact, Fields declared, the wire recorder by which the telephone message of a caller who may find that "they do not answer" at the other end of the wire may be registered already is in use in military circles, and soon after the war will find its place in homes and offices.

He said that plane or train to land telephone conversation is an actuality, and that telegraph message delivery in three minutes as far as several thousand miles now is taking place.

Attending the meeting from Redondo Beach were President Lee C. Casteel, Mayor Clyde Marsh, Jack Fitch, Walter Lynch, Bill Barclay, Carl Crane, Raleigh Stadler, Glen Moore, T. E. Berensen, Glen Hammack, Harry Fitzgerald, Lee Lynn and Herman Markowitz.

J. L. Pope Wins New Decoration Flying 'Hump'

Flying with the India China Division, U. S. Army Air Transport Command, Pfc. James L.

PFC. J. L. POPE

Pope, aerial radio operator, has been awarded an Oak Leaf Cluster for his Air Medal, it was announced by Brig. Gen. William H. Turner, commander general of the Air Transport Command Base, India.

Pfc. Pope, who is the son of Mr. and Mrs. Floyd Pope, 2085 Lomita blvd., has been awarded the Air Medal, the Flying Cross, and two Oak Leaf Clusters. The recent award was made for the period of service from October, 1944 to February, 1945, upon completion of 480 hours of operational flight in transport aircraft over the dangerous and difficult India-China air route, where enemy interception and attack was probable and expected.

The air trail over the Hump, famed route through the towering peaks of the Himalaya Mountains, blazed by the Air Transport Command, is recognized by airmen as the world's toughest. Today the Hump route is the main lifeline of vital military supplies for the Allied forces fighting the Japanese in China.

The citation accompanying the award adds:

"Flying at night as well as by day, at high altitudes over impassable, mountainous terrain through areas characterized by extremely treacherous weather conditions necessitating long periods of operation on instruments... requiring courageous and superior performance of his duties to overcome, he accomplished his mission with distinction."

Sgt. James Woodburn, attached to the 8th Air Force Bombardment Group, a waist gunner of Puddin's Pride, a B-17 Flying Fortress, has been awarded a second Oak Leaf Cluster to the Air Medal for "meritorious achievement" while taking part in 8th Air Force bombing attacks on vital German industrial targets and on Nazi military strong points prior to V-E Day.

Sgt. Woodburn is a member of the Third Air Division, that received a unit citation for its historic England to Africa shuttle bombing of Messerschmitt aircraft factories at Regensburg, Germany. Flying in what was considered the toughest theatre of aerial warfare he has helped his bomber fight its way through severe enemy opposition to attack such objectives as chemical works at Welsbaden, the marshalling yards at Nurnburg and airfields at Munich, Germany. He is a son of Mr. and Mrs. W. L. Woodburn, 2066 Carson st.
