Co. H Takes Honors at CSG Maneuvers

Company H, 2nd Battalion, 39th Regiment, California State Guard, emerged the outstanding company of the battalion at maneuvers held during an overnight bivouac at Shell Park, Brea Canyon, Saturday and Sunday.

The competition was part of the training maneuver to advance training of the battalion to a point as near perfection as possible so as to be prepared to meet any type of situation which may arise.

Tartar Nine With One Hit, One Run Beats University

By BILL JOHNSON

The Torrance High school Tartars edged University High nine in their second game of the Dorsey tournament to keep themselves in the consolation class.

The Torrance nine, who by all rights can be called the "hittest wonders," barely squeezed through a win over University with her famed pitcher, Swartz, pitching a one-hit game.

The hit and the run both came in the first inning. After Stanley had walked, Bennett tripled to right center field to score him. This turned out to be the only run of the ball game.

University lads threatened in the sixth inning, when they loaded the bases with one away. Joe Waters, who pitched a splendid game all the way, hurled himself out of this hole also. University got nine hits but no runs.

Merwin Jarratt made some beautiful plays at shortstop to greatly aid Waters in his task. Coach Milt Katz's boys play again Saturday, June 16, if they win that game they will play another in the near future.

Lomitan Views Okinawa Fight From Battleship

Edward N. Tompkins, radarman, 2/c, U. S. Navy, husband of Mrs. Doris Tompkins, 2117 W. 242nd st., Lomita had a grandstand seat from which to view the invasion of Okinawa from his station aboard a U.S. battleship.

This hard-hitting ship, while under threat of air attack, moved up within 3000 yards of the shore, cruising slowly back and forth and pulverizing the beach targets at point-blank range. The crew could clearly see the explosions from the ship's shells as her guns smashed pillboxes, gun emplacements, warehouses and trench fortifications.

The ship's anti-aircraft gunners fought off deadly air assaults during the bombardment period, and on one occasion only skillful maneuvering of the vessel by her commanding officer saved her from a torpedo which had been dropped.

At one time a Jap "Zeke" bomber, pursued by two U. S. Navy planes, came within range of the ship's 20-m.m. and 40-m.m. guns, and crew members of this ship and those of another close-by had the satisfaction of seeing the enemy crash into the sea. Another time, bombs from a Jap plane fell only 200 yards off the port bow.

By early afternoon of invasion day, the big ship's primary target area had been captured and she was free to lend her powerful support against other enemy held areas.

Dog-Gone Dog Trouble Maker

A dogfight at home being more realistic to people than a war abroad, as said years ago by a journalistic expert, it is pertinent to report the annoyance caused by a stray chow in the 2300 block of Dominguez ave.

Mrs. O. M. Davis of 2312 Dominguez declares the black animal has nipped several people but police officers say they haven't been able to locate the dog. When the police get there it's a case of dog-gone. Officers said that with the cooperation of residents in the vicinity they should be able to capture the annoy in the near future.

See first that the design is wise and just; that ascertained, pursue it resolutely; do not for one repulse forego the purpose that you resolved to effect.—Shakespeare
