

RATIONING BOARD PLACES TORRANCE AREA POPULATION AT 43,000; GAIN OF 13,000

Torrance trading area has a population of 43,000, according to figures released by Frank W. Daniels, chief clerk, War Price and Rationing Board, 2300 Carson st.

This is a population gain of some 13,000 since 1942, according to Daniels, the area showing a population of 30,000 persons served by the board in that year.

The area involved extends from 190th st. on the north to 101 Highway and Palos Verdes drive on the south, including Waverly, from Hawthorne blvd. on the west to Avalon blvd. on the east. Daniels said that his records of growth of Torrance and the trading area agrees with other figures, including that of the postoffice department and other agencies.

The board issued in March, April and May, 545 tickets to 537 applicants; "A" gasoline books to 546 applicants; 21,588 "B" gasoline coupons to 1977 applicants; 77,918 "C" coupons to 2369 applicants; 13,714 "E" coupons to 313 applicants; 16,820 "R" coupons to 169 applicants. A total of 13,510 gallons of gasoline were allowed to 862 service men in that period. Ration books 3 and 4 were issued to 1545 applicants, most of them replacements for loss. The board in the three month period issued 3251 pairs of shoes to as many applicants; 37,158 blue points to 519 applicants; 20,071 red points to 557 applicants. The blue and red points were issued for the most part, to service men home on furlough, Daniels said, and also to those on special diets under doctors' care.

Two Southland Physicians On National Board

Two prominent southland physicians today won signal honors at the annual election of officers of the National Tuberculosis Association held in New York City.

They were Dr. Carl R. Howson, former director of the Los Angeles County Tuberculosis and Health Association, who was elected to the Council of the Trudeau Society of the NTA, and Dr. Howard W. Bosworth, director of the local association and former president of the Los Angeles Tuberculosis and Health Association, who was elected a director of the National association.

Dr. Will Ross, of Milwaukee, was elected the new president of the national association.

California contributed more in income taxes in 1944 than any other state in the union but New York, the collector of internal revenue disclosed today.

Roloff Again Pastor of Local Church

Rev. H. Wesley Roloff, pastor of Central Evangelical Community Church, returns to Torrance for his sixth year of service as

pastor of the church, according to the announcement of Bishop C. H. Stauffer, Kansas City, in the closing business sessions of the annual conference of Evangelical churches held in Los Angeles, June 7-10. Annual appointment of pastors to the churches is the joint responsibility of the presiding bishop and the conference district superintendent. Rev. E. W. Matz continues to serve in this latter office.

During the time of the Rev. Mr. Roloff's pastorate here, the church has cleared all of its indebtedness including a \$5000 building project and has become a self-supporting station.

Three new men were appointed as pastors of California churches. Rev. F. L. Fanthorpe of Minnesota becomes pastor of the Burbank church, Rev. D. C. Ostroth of the Michigan conference will serve the San Bernardino church and Rev. Edgar Cook will serve the Sacramento Community church. Other major changes include the appointment of Rev. Walter Biscoff as pastor of Los Angeles First church; Rev. Howard F. Cook, San Francisco; Rev. F. W. Boelter, to Sacramento First; and Rev. L. M. Light to Hollenbeck Heights, Los Angeles.

"I Dare You" is to be the Reverend Roloff's morning sermon theme, June 17. The Job's Daughters will be special guests at this service. In the evening service at 7:30, the subject will be, "A Successful Father."

Mr. and Mrs. Roloff and family will leave on June 20 for a vacation to Portland, Ore., where they will visit with their families. In the absence of the pastor, outstanding speakers will be presented in Central church. Mrs. Beatrice Van Meter, missionary to China, June 24; Dr. Walter Montano of South America, July 1; Dr. Claude Watson, Los Angeles attorney and minister, July 8; Dr. Stewart P. MacLennan of West Los Angeles, July 15; and Dr. H. Van de Weijgraven of Amsterdam, Holland, July 22.

'B' Gas Book Holders Warned To Be Careful

If you have a gasoline "B" ration book, don't get careless with the coupons on the expectation that you can get 650 miles a month under new OPA policies.

This is the warning of Russell Paxton, chairman of the local War Price and Rationing Board gasoline panel.

"Automobile owners with 'B' books now traveling 400 miles a month will have to show need to get the additional 250 miles a month," Paxton said. "This will not be automatic. The need must be proved, and many 'B' book holders will continue to get only 400 miles a month."

All "A" coupons will be good for 50 percent more gasoline after June 22, however.

GUEST ARTIST . . . Teddy Chlanda, nine-year-old son of Mr. and Mrs. G. O. Chlanda of 1728 Martina ave., and other members of the "Accordions" will be presented Wednesday by their instructor, Mrs. Bettie Dalton Thomas of 1915 Gramercy ave., in "Kiddy Kapers," at Woodrow Wilson high school, Long Beach. Other children participating are Leroy Moore, Freddie Diesel, Carol Clark, Jane Scotton, all of Torrance, and Mary Ward of Hermosa Beach.

Now that the War in Europe is over

What about travel?

Now, you may naturally ask, "Won't it be a little easier to get accommodations?" . . . "Won't it be a little more comfortable to travel?"

We of the Santa Fe would like to hold out some hope to our friends who have good reasons for taking a trip, but who find it difficult to do so.

We would like to give those who do travel all the little niceties of service that are part of the Santa Fe tradition.

Bigger Traffic Loads

The stubborn facts are that the traffic to our Pacific ports of war is stepping up instead of letting down!

This means, in the war days to come, there will be more passenger and freight

traffic—new loads and greater loads and less space for civilian travelers than ever on Santa Fe rails.

In The Meantime

Santa Fe facilities have been enormously increased—bigger yards; more freight Diesels; centralized traffic control at key points; and improved shop tools and practices which keep our locomotives rolling.

In peacetime these increased facilities will enable us to provide better service than ever. But in the meantime, the stuff needed to lick Japan is top priority.

So—again we ask, "Unless your trip is essential, can't you put it off until we have a little better opportunity to serve you in the traditional Santa Fe manner?"
