Farmers Get Break on No. 1 Grade Tires

Cars converted by farmers to serve as farm vehicles may be equipped with Grade 1 passenger tires if the vehicle cannot be operated with farm-implement tires and if suitable used tires are not available in the community, the OPA announced today.

Applications for such tires should be made directly to the local ration board, since the county farm transportation committees of the War Food Administration which have handled such applications, will be discontinued on June 30.

Farm vehicles which the operator may wish to convert from steel-wheeled to rubber-tired are included in the new order's provisions.

LEE McDONALD

Edgar Lee McDonald, U.S.N., radio technician 3/c, left Tuesday for Shoemaker following an 11 days' leave with his wife here. He had just completed an intensive course of training in radar and radio.

THOUSANDS ATTEND ARMY SERVICES

Attendance at religious services, conducted by Army chaplains throughout the eight Western states during April, totaled more than 182,878.

Harnish Quits Post as WMC Director

After serving with the War Manpower Commission since its inception in the fall of 1942, H. R. Harnish, State Manpower Director for Southern California today announced his resignation as the Southland's manpower chieftain, to become effective about the middle of July. After a brief rest, Harnish revealed his intention to accept a position in private business.

"The War Manpower Commission has developed top-notch executives and a fine staff," Harnish said, "and I feel sure that future manpower problems in Southern California will be assured their faithful, willing and intelligent attention."

"May I take this opportunity," Harnish stated in announcing his resignation, "to express my sincere appreciation to my fellow employees of the War Manpower Commission, to management, labor, the press, radio, and the general public in Southern California for the splendid cooperation and support they have given me as State Manpower Director."

"Business, labor and the general public," the announcement continued, "have subjected themselves in good spirits to our necessary wartime manpower controls and I am sure that this cooperation will continue until victory over Japan is assured. I hope the day of complete victory will come very soon, so that we can all breathe freely again, and resume our normal way of life as Americans."

A-9 Graduates At THS Are Announced

The A-9 Torrance High school class received diplomas from Harold E. Perry and Miss Elizabeth Parkes, principal and vice principal following a dance in the school gymnasium yesterday.

Class honors were presented to a boy and girl voted as outstanding when Burchett awarded the American Legion Medal to Nancy Whyte and Larry Holaday.

Lillian Jones Assigned to Kearney Post

Pvt. Lillian Vida Jones, daughter of Mr. and Mrs. John Jones of 2113 218th st., Torrance, a member of the Women's Army Corps, recently left First WAC Training Center, here, for duty with the Army at Kearney, Neb.

Since January 1 the WAC recruiting program has emphasized the enlistment of women possessing specialized skills; including clerical workers, typists, stenographers, tabulating machine operators, radio operators, control tower operators, parachute riggers and cryptographers.

Because of high casualty lists and the return of thousands of sick and wounded soldiers to the United States every month, there is also an urgent continuing need for several thousand medical and surgical technicians in Army hospitals.

Wacs are following our Armies in vital office and communications jobs in all major theatres overseas.

LIEUTENANT, NOW

Ernest Banks serving in Naval Aviation in the South Pacific has been advanced to Lieutenant (j.g.) according to his mother Mrs. E. E. Banks, of 1330 Encarnacion ave. Lieut. Banks is a dive bomber pilot.

I STILL NEED PLANES

DOAK NEEDS YOU

Don't think that because Germany is out of the war and Hitler is dead that we can go back to peacetime tranquility. That is not true. It is going to take a great number of planes to finish off the Jap—special types of planes designed and built for this type of war. Doak Aircraft has played an important part in the war to date building important parts—they have a still bigger job ahead and need your help to do it in a hurry. Investigate now—at once, the Doak way of helping to win the war.
