

## Roy Newkirk Gets Award In Bond Drive

Roy Newkirk of 734 Sartori ave., Torrance, today has received from the California Shipbuilding Corporation and the United States Treasury Department a special certificate of award for meritorious service in the Calship War Bond program.

The certificate bears the signatures of Robert H. Moulton, chairman of the war finance committee for Southern California, and J. M. Warfield, general manager of the California Shipbuilding Corporation.

Nearly 200 Calship workers honored by the presentation of certificates have served as war bond coordinators in various Calship departments.

Jonas Touchstone of the war finance committee said that Calship war bond purchases to date have been one thousandth of the total Series E bond purchases in the entire United States.

Of the national total of 45 billion dollars worth of bonds, Calship workers have bought 45 million dollars worth.

The huge Calship yard on Terminal Island will brood the Southland's war bond total by an estimated million dollars with its "Million Dollar Open House" on Sunday, July 1.

Throughout Southern California, from now until July 1, special war bonds will go on sale which will entitle buyers to free admission to Calship on July 1.

Home community credit will be given for the purchases, and each bond buyer will receive a ticket to the all-day entertainment at the shipyard.

Ensign Harry Logan, of the U. S. Maritime Service, is in the Torrance Army hospital suffering with multiple injuries resulting from an accident at Hawthorne blvd., just north of 101 highway Friday at 6 a.m.

Logan's car, in which Wanda Summers, of Santa Monica, was riding was hit head-on by a machine driven by Jacob Schneider, of Los Angeles, according to police.

Logan received a broken right knee, broken left ankle, broken right foot, fractured jaw, fractured skull and numerous cuts and abrasions. The Summers girl suffered several broken ribs, cuts and abrasions. Both were taken to Torrance Memorial hospital and later removed to their homes.

## Big Fireworks Set-piece Of Franklin At Show

More than a score of highly skilled technicians are constructing "the largest fireworks set-piece ever built" to reproduce the giant aircraft carrier USS Ben Franklin for the American Legion's 13th annual combined circus and fireworks exhibition at the Coliseum, July 4.

Twenty jet propelled planes will simulate an actual take-off from the flat-top deck in an attack on Jap shore installations, as they did during the famous Battle of Okinawa.

The famous flag raising at two Jima will also be faithfully reproduced in one of the featured set pieces. Another thrilling spectacle will be the use of the midjet racing automobiles on the Coliseum track.

The midjet cars will be trimmed with multicolored fire-wheels. Other spectacular set pieces include Popeye and Wimpy—acrobatic fire divers, girl ice skaters—and the perennial crowd pleaser—audience match lighting during a blackout of the huge bowl.

Tickets are now on sale at all Sontag drug stores in Los Angeles County, and in the downtown area at the Owl Drug Company store at Sixth and Broadway, the Southern California Music Company ticket office, and the Coliseum box office.

Choice reserved seats are \$2.40 and \$1.50, with children under 12 accompanied by parents admitted to either section for 60 cents. All prices include tax.

## Boy Scout Development Outlined

Emphasis will be on harbor district Boy Scout activities as a result of the current fund raising campaign by which the Los Angeles council is attempting to raise some \$50,000 to finance out-of-doors facilities for the various age groups of the BSA program.

So stated Floyd Forker, president, Pacific Mutual Life Insurance Co. and chairman of the Los Angeles council at a meeting of Torrance Lions club in Civic auditorium on Tuesday.

Forker, appearing on a program sponsored by the harbor district scouts, declared that the harbor district including Torrance, Lomita, San Pedro and Wilmington, is being asked to raise \$15,000 of the money needed, and that more than that figure will be spent here in developing the new Boy Scout camp at Clifton Hill.

He paid high tribute to the City Council of Torrance and W. Vaughn Scott, donor of the nine acre camp site at Clifton Hill, for the program which will result in establishment of the Boy Scout outing area in this city.

Morris Bewley, Lion member and Boy Scout executive for the Harbor district, was program chairman and introduced Hillman R. Lee, harbor district chairman; Lion President Harry B. Lewis, vice-chairman; W. E. Bowen, finance chairman; N. B. Owen, of Martin Tool & Die Co.; L. D. Smithers, Dow Chemical Co.; M. T. Davis, Great Lakes Carbon Co.; R. L. McGuire, Joshua Hendy Co.; all Scouts and guests of the club. Other guests included A. R. Todd, Morris DeJong, J. Webb, O. D. Butterfield, G. B. Smith, R. L. Dukes, C. L. Mays and R. S. Attaway.

New Lions installed are C. H. Burkhalter and L. W. Pucher. The club adopted a motion commending the Veterans of Foreign Wars post here for buying the old Ford garage building to be converted into a Veterans' Memorial hall for the VFW, thus removing the last earthquake eye-sore from the community.

George Lee, Machinist, Ends Life

George B. Lee, of 1226 Madrid ave., Apt. 2, died a suicide Saturday night, according to police. There was no inquest.

According to records of Torrance police, he had been drinking heavily, and told his wife, Edith Lee, that she would be sorry if she went out with some women friends on a bowling party. A few minutes later, she told officers, he went to a dresser drawer and secured a .22 calibre pistol, sat on the bed and shot himself.

He is survived, in addition to the widow, by his mother, Mrs. Mary Lee, in Michigan, two sisters and two brothers, elsewhere. He was a machinist, and had resided here about one year. He had been in California for 20 years.

Services were conducted at Stone & Myers chapel yesterday with cremation following in Pacific Crest.
