"John's Gospel relates, 'When the morning was now come, Jesus stood on the shore; but the disciples knew not that it was Jesus. Then Jesus saith unto them, Children, have ye any meat?' They answered him, No. And he said... Cast the net on the right side of the ship, and ye shall find... As soon then as they were come to land, they saw a fire of coals there, and fish laid thereon, and bread... Jesus then cometh, and taketh bread, and giveth them, and fish likewise. This is now the third time that Jesus shewed himself to his disciples, after that he was risen from the dead."

Mary Baker Eddy says in "Science and Health with Key to the Scriptures": "This spiritual meeting with our Lord in the dawn of a new light is the morning meal which Christ, Scientists commemorate. They bow before Christ. Truth, to receive more of his reappearing and silently to commune with the divine Principle, Love."

## Methodists Seek 7,000,000 Church School Members

Total enrollment of 7,000,000 persons, making an increase of over two million, in Methodist church schools by the end of 1948, is one of the goals set forth in the program formulated by the advisory council on increasing church-school enrollment and attendance, which is the immediate objective of the denomination's crusade for Christ in a recent meeting at Chicago.

Other goals adopted for increasing enrollment and attendance include the following: At least 200,000 new officers and teachers, an average attendance of 75 per cent of the total enrollment; establishment of church schools in all Methodist preaching points not having one; and the establishment of church schools in unchurched areas.

In a resolution presented by the Rev. E. V. Tolley, Johnson City, N. Y., the Methodist Church stated its concern for increasing church-school enrollment and attendance. It reads, in part, as follows:

"The church has an inescapable responsibility to emphasize the supreme value of Christian education, lest false philosophies degrade the importance of the individual, undermine the foundations of brotherhood in our land, and imperil all hope for peace in our world."

Bishop Paul B. Kern of Nashville, Tenn., chairman, presided at the conference of more than 30 Methodist leaders who make up the advisory council of the division of the local church of the board of education, which is directing the church school enrollment and attendance phase of the four-year, five-fold crusade.

## This is what's behind that CHEVRON SIGN

Lots of folks are curious about our new Chevron Gas Station. So here are the answers to the questions you've been asking — the story of how Standard of California is helping us establish our identity as an independent merchant.

No, our gas station hasn't changed hands. The new name, the new paint job are just to establish us as an independent businessman. Lots of folks who like the personal service they get at an independent gas station didn't know we were

"home-owned." We've taken this means of making the fact plain.

2 You bet we'll continue to handle Standard products. We want to offer our customers the finest — and that means Standard Gasoline and motor oils. Our service and accessories will be just the same, too.

3 Sure, we'll honor Standard credit cards for private motorists when wartime restrictions are eased. And, right now, holders of Standard credit cards for governmental agencies and trucks can be sure of prompt expert service from us.
