Paul's declarations to the Corinthians will be the Golden Text of the Sunday Lesson—Sermon on "Mortals and Immortals" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston: "Flesh and blood cannot inherit the kingdom of God; neither doth corruption inherit immortality." For this corruptible must put on incorruption, and this mortal must put on immortality.

"Lord, if thou hadst been here, my brother had not died," cried Martha to Jesus according to the Lesson—Sermon passage from John's Gospel. "Jesus said unto her, I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live: . . . Then they took away the stone from the place where the dead was laid. And Jesus lifted up his eyes, and said, Father, I thank thee that thou hast heard me. . . . And when he thus had spoken, he cried with a loud voice, Lazarus, come forth. And he that was dead came forth, bound hand and foot with graveclothes: . . . Jesus saith unto them, Loose him, and let him go."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "Jesus said substantially, 'He that believeth in me shall not see death.' That is, he who perceives the true idea of Life loses his belief in death. He who has the true idea of good loses all sense of evil, and by reason of this is being ushered into the undying realities of Spirit."

Christmas Gifts Sought For Hospitalized Men

While the deadline for Red Cross Yule gifts "earmarked" for servicemen who will be aboard transport and hospital ships on Christmas Day falls on Nov. 15, individual presents for World War II heroes convalescing in nearby military and veteran's hospitals will be sought through the 15th of next month, it was announced this week.

Mrs. Lemuel E. Bancroft, chairman of the Red Cross Camp and Hospital Service Christmas program—through which organizations, clubs and other groups may channel their Yule gifts to hospitalized men here—made the announcement yesterday.

"This will be the first Christmas since the end of World War II hostilities and it is the aim of Red Cross to make this Christmas the cheeriest in history," Mrs. Bennett said in disclosing that Camp and Hospital Service is still shy the minimum quota of 57,000 needed to fill requests filed by Red Cross field directors in this locale.

Organizations or individuals desiring to cooperate with Red Cross in this drive for gifts—thus avoiding duplication of distribution as well as saving time and effort—should call Mrs. Bancroft at HE 5111, Camp and Hospital Service headquarters.

Plan Expansion Of Red Cross College Council

Possible formation of a Los Angeles County Council of Red Cross college units—consolidating the ten institutions operating campus Red Cross activities—today was being studied by a committee of pro-tem officers named at a special meeting held at chapter house auditorium, 1200 S. Vermont ave.

Named as temporary chairman was Miss Beverly Hastings of Santa Monica Junior College, with Miss Margot Rouseyrol, Immaculate Heart College, and Miss Betty Rossbach, Pasadena Junior College, also appointed to the by-laws committee.

The extension plan would add Santa Monica J. C., Pasadena J. C., Glendale J. C. and Long Beach J. C. to the Los Angeles chapter's council made up of U.C.L.A., U.S.C., Compton J. C., Immaculate Heart, Mount St. Mary's and George Pepperdine College.

"We are seeking to form a college unit group into a county division to facilitate the operation of Red Cross programs on the various campuses," Miss Hastings declared.

Key speakers during the assembly yesterday included: Bowen McCoy, Los Angeles chapter manager; Mrs. Alice Carr Miller, of the Home Service Department, who gave information pertaining to the Red Cross services available to World War II veterans returning to their college courses; and Mrs. Julius Jacoby, recently appointed by the Los Angeles chapter to serve as liaison representative between Volunteer Special Service and the college units.

RPM MOTOR OIL

How can a motor oil save gasoline?

Much gasoline loss is caused by gradual ring and cylinder wear. Gas mixtures then "blow-by," compression is reduced, performance gets rough. RPM Motor Oil slows this wear "way down"—sticks tight on hot or cold metal surfaces, insures cold motors against extra starting wear, protects critical hot spots on long runs. For more mileage, less wear—use Standard's RPM Motor Oil.

Check and Double-check

Have you ever noticed that whenever two trains pass, freight or passenger, a trainman will signal, with hand or lantern, to the trainman at the rear of the other train?

This is not merely a friendly gesture. Each man makes a careful visual inspection of the other's train while it passes. Then he signals that all is well or that he has spotted some defect.

This is just one phase of a continuous "check and double check" system. All

Union Pacific trains are thoroughly inspected before leaving terminal points . . . all station agents check each train as it passes. Even track crews, along the right of way, are alert to spot any sign of trouble.

Thus, Union Pacific trains are checked time and time again as they transport passengers and freight over the Strategic Middle Route, uniting the East with the mid-West and the Pacific coast.
