

### Harbor City's Annual Carnival Is Huge Success

Mrs. E. R. Walker, president of the Harbor City P.T.A., is rejoicing this week over the final figures received from the annual carnival. There is, at present, a total of \$417 cleared from the event which proved to be a huge success socially as well as financially.

The total proceeds, together with \$40 already subscribed, will help to swell the building fund for the new Tenth District Parent-Teacher School Health Center to be built soon, which at present has reached the halfway point in its drive for \$200,000.

The Harbor City P.T.A. and school are proud to have been able to contribute \$437 to the project.

The regular meeting of the Harbor City association will be marked by the installation of officers on the afternoon of June 13, with Mrs. Christie Coates, president-elect and her corps of officers taking their oath. A hobby exhibit to give ideas for summer recreation should be of interest to all who attend the meeting.

The final paper drive of the year will be conducted June 7, at which time it is anticipated that every household in the school district will take the opportunity of getting rid of their surplus newspapers and magazines.

### Local Women Attend District P.T.A. Council

"Youth Front U.S.A." was the topic of Rev. Henry David Gray, pastor of Oneonta Congregational church, at the Tenth District P.T.A. annual luncheon held recently at the Biltmore Hotel.

The speaker complained of too much overlapping of Youth Service and urged a solid unity of forces to promote a leisure time program for the youth of the nation.

Mrs. E. W. Raith, district president, introduced as honor guests Mrs. J. J. Garland, state president and Mrs. Rollin Brown, president-elect.

Barbara Hornbrook, vocalist, 1942 scholarship winner, and Merrill Rodin of Fairfax high school, pianist and winner of this year's scholarship, presented selections.

### Junior Statesman Foundation Selects Two Narbonne High Boys

Two Narbonne high school boys have the distinction of being chosen among the 20 boys from the state of California who will attend the summer session of the Junior Statesman Foundation at Los Gatos. They were notified by telegram early this week that their applications were selected from those submitted by high school boys from all other California cities.

Bill Jenkin, A-1, and Kenneth Schwartz, B-1, are the winning candidates. They were selected on a basis of scholastic achievement, participation in extra-curricular activities, personality and interest in American government.

Sessions will be held at Montezuma Mountain School, Los Gatos, from June 23 to August 17. The boys will be provided with tuition, board and room, laundry and traveling expenses. Study courses will be Constitutional and American government, student government, literature and composition, public speaking and ethics. Recreation program will include swimming, tennis, badminton, archery, golf and horseback riding.

Miss H. Marie Stiff of Narbonne faculty was in charge of taking applications from Narbonne students.
