County Acts To Support Bill To Stop Explosions

A motion instructing county departments to study legislation and laws to forestall any possible catastrophes such as the recent O'Connor building explosion was passed unanimously by the Board of Supervisors at its Tuesday meeting.

Supervisor Raymond V. Darby, chairman of the Board of Supervisors, presented a motion calling upon his fellow board members to endorse A.B. 3630 which was presented at the current session of the State Legislature. The action was taken upon receipt of the report of the Coroner's Jury which voted a verdict of death and injury by accident resulting from an explosion of unknown origin. Supervisor Darby's motion also promised aid and assistance to any action taken by the state.

CONSERVATION SERVICE
The conservation movement in the United States, for the protection and development of our natural resources, such as forests, lands, mineral land, water supplies, was started in 1906 by President Theodore Roosevelt.

School Board Members Thank Voters, Herald

(Continued from page 1-A)

Its time and assistance in helping the Charter Committee meet the preliminary problems.

"This statement would not be complete and I would be less than fair were I not to publicly express appreciation here to one who has done a tremendous amount of work and given unstintingly of his time and at considerable personal expense in order to bring us our own school system. I refer, of course, to Mr. James L. Lynch whose dynamic energy sparked the Charter Committee through its labors."

Mrs. Evelyn Carr expressed her appreciation to the Torrance Herald and likewise her gratitude to the voters for the support accorded her at the polls.

"I wish to take this means to thank all my friends and associates for their efforts in my behalf during this campaign," Mrs. Carr declared.

"We who were elected know that there is a big job ahead. We suspect that all our resources of leadership, cooperation and courage will be called upon to make the schools of Torrance a system of which to be proud. But we also know that the prospects are bright for an increased community interest in the schools to and overcome many, many things that people have long felt were lacking in the Torrance schools."

To the Torrance Herald she said: "Your part in the development of a top-ranking school system will be an important one. People will be depending on the integrity of your reporting and your continuing interest in the affairs of the schools, as time goes on. I am writing this open letter to you to bring the fact that they have a right to demand from us, because you are their servant, a constructive program of front page interest in the schools and very close cooperation with the board in its program."

"May you continue to deserve your leadership by serving."

Mrs. Grace W. Wright said that she was grateful for the trust that the people of Torrance had placed in her and that everyone "can be assured that I will work hard to see that they are not disappointed."

"I am well pleased with the Board of Education elected," she said, "and I know that we will work together harmoniously."

"I think that my long residence in Torrance, my teacher training and practice and my awareness of the inadequacy of our schools in the past, will help me in our aim to have the best schools in the country. The first year will be a difficult one, but if everyone will cooperate with the Board, I feel that it will not be a disappointing one."

Carl D. Steele said: "I appreciate the confidence and respect of all the people and feel a heavy obligation to the parents as a result of this vote. My obligation is my pledge to the children of Torrance for better education and a better school system than they have had, with constant improvements until it is the best in the state. I would like to see all candidates cooperate in the efforts of the Board of Education to provide the finest school system in Torrance which is possible."

George P. Thatcher said: "May I take this opportunity to express my full and sincere appreciation to those supporting my candidacy in Tuesday's election for membership on the first Torrance Board of Education. Mindful of the confidence in my ability thus evidenced, I assume my position with a very deep regard for the responsibilities it imposes and assure the other members of the Board of my full cooperation in the work ahead of us. I solicit your continued support in reaching our goal of 'Only the Best Schools for Torrance.'"

SKIN Irritations!

Stop Scratching! — Try This

Distress of ugly pimples, rashes, itching, burning skin diseases resulting from external irritations can often be quickly relieved by this simple inexpensive treatment.

Get a small bottle of Monne's Eucalypt Oil at the nearest drug store. Use as directed. Fair satisfaction guaranteed or money back. Stainless—guaranteed.

County Highway Revenue For Year Is 25 Millions

Los Angeles county's highway revenues available for the current year total \$25,027,911, California Taxpayers' Association said today, making public its study of sources of county highway revenues.

The county's highway revenues for 1946-47 include \$6,570,000 from the gasoline tax, \$2,225,000 from motor vehicle fees, \$400,000 from fines, \$105,823 of local property taxes, \$6,605,437 cash balance, \$2,616,996 of federal-state money under county highway act of 1945, \$2,160,625 from the California Construction and Employment Act of 1946, \$10,000 of other revenues, and \$2,167,833 contingent fund.

Sherfey Urges Salvage Drive Cooperation

Torrance is giving to the Salvation Army this week.

In accordance with a proclamation by Mayor J. Hugh Sherfey, "Salvation Army Salvage Week" will extend through March 30. Speakers and announcements have been sent to local clubs, churches, fraternal orders, schools and veterans organizations to carry "the message of salvage week."

The noteworthy and inspiring circumstances of Salvage Week is that no money is sought. All that is asked is for materials which one would leave unused or throw away.

Throwaways will be gathered together by the Army's Red Shield trucks in its drive, reprocessed or repaired in its social center workshops and made available to the public.

Supplying employment for a daily average of 65 persons last year this humanitarian organization provided over 22,000 man-days work, supplied 34,689 meals, 14,600 beds and paid over \$90,000 in wages and subsistence.

Salvation Army Red Shield trucks will collect any donated articles, if informed by prospective donors through a telephone to the local Y.M.C.A. office 1356.

"Hundreds of church members have been urged by their pastors to support the work."

"When householders learn of such an easy method of helping the unfortunate they respond in heart-warming fashion," said Mayor J. Hugh Sherfey Jr. "Just reach for your telephone," he said "and the Army's truck will be at your door."
