

LAKE HAVASU SAME

Bass fishing is fair at Lake Havasu. San Bernardino County and fishing on the lake will prove good one day and poor the next.

SOLANO ANGLERS

Catfish anglers had better luck last week in Solano County, with several nice catches of very large catfish, although the bass take in the rivers above Rio Vista is average.

Most roads are open to the 8,000-foot level in Mono County, and Crowley lake and Gull lake are clear of ice with Grant Lake open from the dam to the narrows. Prospects are good for early season fishing, but may be short of water before the season is over.
