SEVENTH AND EIGHTH GRADES IN TORRANCE WILL BE HOUSED IN HIGH SCHOOL CLASSROOMS

All seventh and eighth grade students of Torrance elementary schools next year will attend classes in Torrance high school under an arrangement with Redondo Union High School District Board of Trustees, it was announced at the meeting of the Torrance City Board of Education Tuesday night.

Continuation Of Day Care Centers Has Hull Support

Child care centers for working mothers will be continued with present personnel providing they cost nothing to the school district, according to recommendations of Superintendent of Schools J. H. Hull to the Torrance City Board of Education.

"There have been a number of inquiries about whether or not we will have the extended day care center for children of school age and preschool or nursery, child care centers as are now being operated. It should be pointed out that the programs are self-sufficient financially if the State Aid which is now under consideration by the Legislature is provided. In that event, the Superintendent would recommend that this service be continued with the same personnel as now is employed in the Los Angeles District.

"If it is to cost the District in any way, the Superintendent would be opposed to it, at least for this first year. A letter is being sent to the County Office to determine what their recommendation would be in connection with it."

The Torrance centers have been operating at Torrance Elementary School with state funds plus the financial support charged to the mothers. This support has increased materially in recent months.

The decision is based on the fact that facilities are needed in various elementary schools to house the first six grades and kindergarten.

William Clinkenbeard was retained by the Board of Education Tuesday night to administer the classes of the 7th and 8th grades to be conducted at Torrance high school. He is classified as a principal, at a salary of \$4,000 a year.

The Board of Education announced that an effort is being made to have the two bungalows moved from Torrance elementary school to Gardena early this year, transported to Perry school where they are returned by the Los Angeles Board of Education under provisions of a decree of the Superior court recently. Superintendent of Schools J. H. Hull said that the bungalows will be needed at Perry more than at the Torrance elementary grounds due to the growth of that area of the city.

A kindergarten will be established at Perry school, it was said, following the transfer of the 7th and 8th graders to classrooms at Torrance high school.

It is estimated that Perry school will have an enrollment of some 244 pupils next year, as against 170 for this year.

Cost of Repairs To Fire Station To Date \$2,090

As progress continued on the repairs to the Torrance fire station this week, total costs to date were reported as \$2,090.77, of which \$885.44 was for materials and \$1,205.33 for labor.

The total this week marked an increase of only \$125.04 over last week's total.

Workmen yesterday completed the job of sand-blasting the exterior of the building in preparation for the guniting finish which will probably be put on today or tomorrow.

It was disclosed that "Short" Yarbrough, owner of the Torrance Bowling Academy had offered a donation toward the repairs but Sam Levy, supervising the job for the city, said he didn't think the money would be needed.

Fremen at the station also offered to install celotex in the living quarters of the station at no cost to the city if someone would donate the materials.

It was believed that the project will be completed well under the \$3,000 figure estimated for the job.

Hospital Cases

Patients admitted to Torrance Memorial hospital during the past week include the following:

Paul Acosta, house 63, Pueblo.
Mrs. Ella Covington, 1623 Elm avenue.
Mrs. Mary Castle, 2613 Carson.

Policies For School Board Meetings Told

Policies for conducting meetings of the Torrance City Board of Education were announced Tuesday night by Dr. Howard A. Wood, president.

Regular meetings will start at 8 p. m., the first Tuesday of each month.

The Board will meet informally as a committee of the whole at 7:15 p. m., prior to regular meetings, to receive reports on privileged information and to clarify obscure or possible controversial subjects.

The president announced:

"a. Meetings will be conducted in orderly and expeditious manner.

"b. Discussion will be limited to that which is immediately pertinent to the subject.

"c. Board members will endeavor to be concise and specific and reveal their attitude and make their point in as few talks as possible.

"d. In so far as is consistent with fair consideration of the subject under discussion, the chairman will exercise his prerogative to limit and direct debate in the interest of keeping the meetings within a reasonable time limit.

"e. It shall be the policy of this board to welcome the local press to all open meetings as a recognition of its value in projecting the educational program. Much valuable aid is received from a friendly press and time is saved in getting the desired publicity by the presence of a good reporter."

Torrance Drug Store Acquires New Manager

The McCown Drug Stores announced this week that Harry Petro, formerly district manager and supervisor in charge of personnel for Sontag Drug Stores, has joined the McCown organization and will be in charge of the Torrance store.

Petro's 18 years experience in drug store operation and merchandising qualifies him to bring the fast-growing Torrance area the type of drug store to best serve everyone, it was pointed out. Petro says, "Self-service gives the customer better service and price values. We intend to modernize and improve where necessary to give the finest service possible."

Mr. Petro will also assist Mr. A. J. McCown in his over-all chain operation activities.
