Released Time Classes Given Schools' Okay

The Torrance City Board of Education, meeting in regular session, August 19, 1947, granted the request of the newly organized Torrance Interfaith Committee to conduct released-time classes in religious education in Torrance.

In a letter addressed to the Rev. H. Wesley Roloff, chairman of the Interfaith Committee, Superintendent J. Heinrich Hull said: "The Board of Education approved of the plan and decided to accept your suggestion of released time, controlled through the Interfaith Committee, within the limitations of the Educational Code."

During the past week, members of First Christian church of Torrance took affirmative action in regard to cooperation in a released-time program. Mrs. Florence S. Peckham was appointed as their representative on the Interfaith Committee. Other members of this committee include the Rev. Fr. P. J. McGuinness, vice chairman; the Rev. Clyde Ruckman, secretary-treasurer; and the Rev. Paul Perry, representative of the Evangelical Released-Time, Inc. group.

The local Interfaith Committee was organized to serve as a clearing and coordinating agency between religious bodies desiring to conduct religious classes on released time within the Torrance City School district, and to connect all negotiations with the authorities of the public school system as to extension of the released-time privilege, as to regulations governing release, as to schools in which such work shall be done and any other arrangements necessary to operation, and as the agent in arranging schedules of release and other matters of common concern as they may pertain to operation of released-time in a given school.

Amvets Commander Decries Failure Of Congress To Adopt UMT Program

The Pearl Harbor of World War III is the "shameful failure of Congress" to act before adjournment on the long-pending Universal Military Training program, William A. Burkett, newly elected State Commander of the American Veterans of World War II (AMVETS) charged today. His charge was made before a meeting of the State executive committee of AMVETS. Support of the Universal Military Training program and of the California National Guard were voted as keynotes of AMVET state policy.

In urging the passage of the program by the next Congress, Burkett said, "Further delay would be suicidal in view of world conditions. Demobilization of our armed forces without having prepared in advance a permanent plan for national defense has thrown a deplorable and dangerous element of doubt into our national security. Without preparedness, diplomacy, our first line of national defense, is bankrupt. In essence, Universal Military Training is not a plan for war but a plan for peace. We, as

40 Thousand To March In C. I. O. Parade Monday

Forty thousand marchers, 25 "living action" floats and 15 crack bands will constitute the CIO section of Los Angeles' greatest Labor Day parade next Monday. The CIO parade line-up was announced today, consisting of 18 divisions and more than 100 local unions. The marchers will form on Broadway and adjacent side streets, from Washington Blvd., south to 23rd st. The CIO parade will start moving down Broadway at 10:30 o'clock, immediately after the last AF of L division has cleared the formation area.

On each of the 25 giant floats, living characters will enact some phase of the CIO's national program. The floats will depict the fight for labor unity, for peace, against Fascism at home and abroad, for full employment and against another depression, for fair employment of Negro and other minority workers, for anti-lynch and anti-poll tax legislation, for veterans' rights, for better housing and a number of other points.
