10 Years Serving Torrance and Vicinity

2093 West 174th Street Phone ME10 4-1091
(2 Bks. West of Western Ave.) — Between Torrance and Gardena

Boundaries And Schedules For Fall Bus Runs Given By School Board

(Continued from page 1-A)

Sepulveda to a line separating Block 1 and Block 22 of Tract No. 2200, then south along this line to the southerly line of Tract No. 2200, then westerly along this line to McDonald st., west on McDonald (230th st.) to the west edge of Tract No. 454, north on the line of this tract to Sepulveda, west on Sepulveda to Torrance City limit and following the City boundary around Del Amo Estate to Hawthorne avenue.

(4) Pupils of Torrance Elementary School may ride the buses if they live within a line beginning at the boundary line of the City of Torrance at 233rd st., then following that boundary south, and on to the west end of 240th st., then north one block to the southerly edge of Tract No. 2200 and westerly to a line between Block 11 and 12, then north to a projection of 233rd st., then east on 233rd to Pennsylvania ave., south on Pennsylvania one block to 235th st., east on 235th to Eshelman and north on Eshelman to 233rd and east to the point of beginning.

(5) Walteria School pupils living beyond a north-south line at the intersection of Highway 101 and Crenshaw blvd., as it is shown on Torrance City map and those pupils living in the Ellingwood Tract may use the buses.

Where a boundary follows a street in any of the five divisions noted above, students on each side of the street will be allowed to ride the bus. This does not apply however when the street is also a school district boundary.

DID YOU KNOW

that the Southern California Military Academy is now a unit of the John Brown Schools, with three great plants in California, including a Girls' School at Glendora. Boys are enrolling in kindergarten through the ninth grade. Lomita rates for Day Students \$55.00 per month including transportation.

Librarian's Talk On Sports Topics Fools Listeners

Mrs. Dorothy Jamieson, Torrance librarian, talked to Torrance Lions club members Tuesday noon and she fooled her listeners.

Instead of giving a discourse on what is good reading and what is improper for adult consumption, she talked about books on fishing, hunting and other popular subjects, which have been good sellers on the bookstore shelves.

These "school teachers" were in her audience, Herbert E. Irwin, head of the social studies department of Torrance high school, Albert R. Posner, principal of Fern avenue school and William Clinkbeard, principal of 7th and 8th grades at Torrance high school and she took pleasure in addressing remarks to them.

"Oh, Alvin, how wonderful you smashed your car while daydreaming about me!"

will serve approximately 37 primary pupils from Torrance elementary school. The bus will leave the school at about 2:15 p. m. and follow the morning run of Bus No. 3, Run No. 1, a. m.

(9) Bus No. 3, Run No. 1, P. M.—will serve nearly 30 Fern avenue and Walteria primary pupils. The bus will leave the Fern avenue school at 2:15 and distribute the pupils in reverse order to the way they were picked up in the morning. The first stop will be at Amie st. and Emerald. From there the bus will follow the route of the morning run and will arrive at Walteria school at approximately 2:30. Then the primary pupils will be taken to Seaside Rancho. The run will be extended should there be children at the opposite side of the district.

(10) Bus No. 1, Run No. 2, P. M.—will serve the 57 Perry school area 7th and 8th graders who ride the morning bus. The bus will leave the high school at 3:10 and follow the morning route.

(11) Bus No. 2, Run No. 2, P. M.—will carry 7th and 8th graders to Fern avenue and Walteria areas. The bus will leave the high school at 3:10 and follow the morning route in reverse. Then the bus will stop at Walteria to pick up 4th, 5th and 6th graders and proceed to Seaside Rancho for the end of the run.

(12) Bus No. 3, Run No. 2, P. M.—will return the Torrance elementary area 7th and 8th graders to their homes. This bus will also leave the high school at approximately 3:10. It will follow the A. M. route and discharge pupils as they were picked up in the morning.

(13) Bus No. 1, Run No. 3, P. M.—will take the Perry school 4th, 5th and 6th graders home. It will arrive at Fern avenue at approximately 3:45 after completing the 7th and 8th grade and Walteria intermediate run. This run should end about 4:00 p. m.

(14) Bus No. 2, Run No. 3, P. M.—will carry the Fern avenue 4th, 5th and 6th graders home. It will arrive at Fern avenue at approximately 3:45 after completing the 7th and 8th grade and Walteria intermediate run. This run should end about 4:00 p. m.

(15) Bus No. 3, Run No. 3, P. M.—will leave Torrance elementary

at about 3:40 and carry nearly 35 pupils on the same route as made in the A. M. runs. This run should end about 4:05.

Bus routes will be subject to change when experience shows that improvements can be made.

KINDERGARTEN BUSES

The above bus schedules provide for morning kindergarten pupils to reach school in time for 9:00 classes and afternoon kindergarten pupils to reach home after the 3:30 dismissal time.

A bus will be operated through Hollywood Riviera as soon as the school population there passes the 25 maximum for which the contract with Palos Verdes schools provides, it was announced.

RULE OF THUMB FOR TRAVELERS

Running out of gas is no joke. Most of us don't know how unfunny an empty tank can be. That's why we say, "Next time, try the train." It's a good rule of thumb for travelers. You enjoy comfort, convenience and dependability at very low fares. Examples to San Francisco in streamlined, air-conditioned chair car on a Daylight (3 daily), car fare to Chicago on the Golden State or Imperial, \$48.79 one way, \$76.20 round trip. (Fares quoted are from Los Angeles. There may be a slight difference from some other points. Federal tax extra. Consult your S.P. Agent.)
