

# SEE CALIFORNIA THIS YEAR

U.S. 101—The Redwood Highway  
WINDS THROUGH A LAND OF ENCHANTED FORESTS  
From San Francisco, U.S. 101 leads north through the Redwood Empire to the Oregon border. As you travel this road, Bank of America travels with you; for 61 of its branches serve this region. See this country this year, and let Bank of America serve you as you go.

## Slight Activity Reported From Torrance Fields

Oil field operations reported during the past week in the Torrance area included permits to deepen or redrill two wells and abandonment of one.  
To be deepened are wells belonging to the Packard Petroleum Corp. and Lebow and McNeel. Abandoned was a well operated by R. W. Jerman.  
Reports throughout the state indicate that deepening or redrilling jobs are up 16 percent for the corresponding period to date last year. Abandonments are down approximately 9 percent for the same period.

## DRAEGER NAMED JUSTICE OF COURT IN BEVERLY HILLS

Henry H. Draeger, Beverly Hills attorney, today had been named by the Board of Supervisors to succeed the late Judge Cecil D. Holland as Justice of the Beverly Hills Township Justice Court.  
The new Justice was named by the Supervisors on the recommendations of Supervisors Raymond V. Darby and John Anson Ford.  
A practicing attorney in Beverly Hills for the past 13 years, Draeger took the oath of office in the presence of the Supervisors.

## A GUARD TO OUR LIBERTIES

I am persuaded that the patriotism of the people will continue, and be a sufficient guard to their liberties. James Madison.

## Food Handlers Institutes Are Being Suspended

Food handlers and sanitation institutes for restaurant personnel which have been carried on in eight strategic locations thru-out the county during the past several months will be suspended until the latter part of September, according to W. A. McCree, sanitation-instructor for the Los Angeles county health department which organization has been arranging the institutes.  
During the next several weeks schedules of new classes will be worked out which will include an Institute in Torrance. So far 1,376 restaurant and tavern managers and employees have attended one or more of the groups with a total of 635 restaurant personnel qualifying for a certificate of attendance given when a series is completed.

Dishwashing, sanitary food preparation and storage, communicable disease as pertaining to food handling, and restaurant insect and rodent control are some of the subjects covered in the six-hour course. In conjunction with the instruction, films are shown to illustrate the subjects discussed.

Sponsored by the local culinary workers union, AFL, chambers of commerce and tavern and restaurant associations, the institutes are given in cooperation with the local adult education division of schools, and the California State department of education.

## Sewage Disposal Will Be Discussed

Residents of Hammerton Tract are asked to attend a meeting of the Hammerton Tract Welfare League Friday evening, Aug. 15 at 7:00 p.m. in the Torrance Labor Temple at 806 Border ave.  
The problem of sewage will be discussed, a matter of extreme importance to all persons living in the tract, according to Lindsay Ridgeway, chairman of the committee.

The production of dates in the United States for the year 1944 was 21,190 tons, of which more than 90 percent were produced in California.

## Proclamation

WHEREAS, plans to raise \$2,000,000 for the Los Angeles Memorial Cancer hospital, which project is sponsored by the Cancer Prevention Society, are now well under way; and  
WHEREAS, the only means of raising funds with which to build a hospital for the specialized treatment of cancer and research work is to solicit the general public to support this worthy cause.  
NOW, THEREFORE, I, Hugh Sherkey Jr., Mayor of the City of Torrance, California, do hereby heartily endorse this project and call upon all organizations and citizens of Torrance to pledge their support to this great humanitarian need.

Your help is urgently needed to make this campaign a resounding success.  
J. HUGH SHERKEY JR., Mayor, City of Torrance, California

## Preparation For Winter Gardens Article Topic

By Agricultural Extension Service, Los Angeles County  
Garden soil that has not been used this summer will dry. The first step in getting ready for a winter garden is to irrigate. This can be done by sprinklers or by a series of irrigation furrows about a foot apart. Run the water long enough to wet a foot and a half or two feet deep. A few days after irrigation, apply some fertilizer and spade it in. How much fertilizer? A sack and a half or two sacks of batyphosphate to an area 100 ft. will be enough. Scatter a half pound of sulfate of ammonia or nitrate of soda, or a pound and a half of mixed fertilizer containing 4 per cent nitrogen on the same area. Let the ground stand two to three weeks after fertilizing and spading before you start.  
**Plant and Layout**  
Give some careful thought to planning your garden. Decide what vegetables you want to plant and how much of each you need. Get the Victory Garden Guide from your Farm Advisor at 814 North Spring St., Los Angeles 12. It gives hints on growing 25 different kinds of vegetables, tells how many feet of row you will need to supply a family of four, and gives you a planting calendar for the year.  
When you make the furrows for preliminary irrigation, do some experimenting. Find out just what direction to run these furrows, so that the water will stand level in them from one end to the other. If level, you can fill them to a uniform depth. Then you can cut water from the end, and if one furrow is deeper than the other, the water will soak towards you. You can wet the bed where the seeds and plants are with the water, so evenly, and you won't have to do it. If the furrows are as deep that the water just runs by it will cut the top of the furrows and deeper and may soak to the top of the bed.  
**Bevy Plants**  
You have not the last fresh berry pie for this year. The ones that were the crop are probably over with. It is better to have some that are of another size to the pie. You might just as well cut away all the growth that was this year. You will get out of a large quantity of some that is now in the garden. New ones for next year can be set on the ground and the wire now. Let's get to irrigate them every three or four weeks.
