One of a series of advertisements explaining the policies and activities of American Radiator & Standard Sanitary Corporation as they affect this community.

For Torrance's Christmas Tree

IN HEATING equipment and plumbing fixtures, the American-Standard Mark of Merit means the finest. Millions of Americans recognize it and know its meaning. They rely on it as their guide to quality.

In consequence, the Mark of Merit helps to sell more American-Standard products.

This calls for greater production in all American-Standard plants, including the Torrance Works.

And that means more prosperity for the entire Torrance community.

Thus, the Mark of Merit adds, in some measure, to Torrance's Christmas cheer. In its own way, it helps everyone in town have a happier holiday... and a greater assurance of prosperity in the New Year.
