**Pete Douroux, Tartar Center,
 Gets All-C.I.F. Grid Position**

PETE DOUROUX

Fresh laurels last week were added to the already belaudered crown of Pete Douroux, burly six-foot center on the 1949 Torrance Tartar grid team. Pete was one of four Bay League players named to the all-C.I.F. squad.
 After a season during which he played virtually every minute of every Torrance game, Pete was chosen All Bay League center. A senior, Pete has attained all league merit two years running. He was all-Bay League tackle in 1948.
 The All-C.I.F. listing puts Pete on the third team along with Bay Leaguer Perry O'Brien, Santa Monica end, Leuzinger full-back Johnny Lewis was named for the second team; Landon Exley, Santa Monica quarterback won first team honors.

What Can The People Believe?

When the anti-trust lawyers in Washington filed their suit to put the A&P out of business, they immediately handed out for all the newspapers of the United States a story giving in detail their "allegations" against this company.

When we published advertisements giving our side of the case, they protested, even though they had made, and have continued to make, in newspapers, in speeches and over the radio these charges that would seriously damage our business, if they were believed by the public.

Every week millions of American housewives patronize A&P stores. Many of them would not want to deal with the kind of people that the anti-trust lawyers represent us to be.

We think we have a right to protect this 90-year old business which has made it possible for millions of American families to get more and better food for their money, which is providing high-wage employment for 110,000 Americans and which is helping millions of farmers to improve the methods of distributing their produce.

No answer by us would be necessary if the anti-trust lawyers were always right.

But they, like all other human beings, can be wrong.

In this case we know they are wrong.

They have been wrong before.

In case after case they made charges against A&P which were proved in court to be utterly without foundation.

We will prove that statement right up to the hilt.

The anti-trust lawyers tell the public that they won a previous anti-trust suit against us at Danville, Illinois. They did.

What they do not tell you is that they brought case after case against the A&P in federal courts all over the United States. Before they won this case they suffered three defeats.

The anti-trust lawyers have told everybody about the time that the courts said they were right. We think you are entitled to know about the three times the courts said they were wrong.

Now we are going to tell you about the first one. In future advertisements we will tell you about all of them.

The Washington Bread Case

In April, 1941, the anti-trust lawyers brought a criminal suit in Washington, D. C.

They charged that the A&P, two grocery chain competitors, two labor unions and other good American citizens had conspired to fix the price of bread.

Can anyone imagine any charge calculated to be more damaging to a retail grocery business? They asked millions of people to believe that we were the kind of grocers who would take bread out of the mouths of poor people and make it harder for a wife and mother to feed her family.

These charges were false.

In that case it developed that the A&P and the two competitors who were charged with conspiring with us to maintain high bread prices actually sold bread cheaper than most of the other stores in Washington.

The anti-trust lawyers presented and argued their case. When they were through, Federal District Judge Allen T. Goldsborough ruled that A&P and the other defendants did not even need to put in a defense. He instructed the jury to bring in a verdict of "not guilty."

Judge Goldsborough said to the anti-trust lawyers:

*"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all.
 'Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it.'"*

So here was a case in which the anti-trust lawyers made seriously damaging charges against the A&P, in support of which, in the words of the court, they did not have "any evidence at all."

This was not the only time the anti-trust lawyers made charges against the A&P which the courts said were not true. In future ads we are going to tell you about these other suits. We are not going to duck, either. We are going to tell you about the criminal suit that the anti-trust lawyers won at Danville, Illinois.

The anti-trust lawyers say that they are not attacking "bigness" or efficiency. They have to say that because the courts have decided that "bigness" and efficiency and selling at low prices is not a crime.

But the fact is crystal clear that they only brought their bread suit against the big companies and against the companies that sold good bread at the lowest prices; just as in this current suit they are attacking a big company that sells good food cheap.

We are going to show the American people that the suit to destroy A&P is really a suit against efficiency and against real competition.

The real question involved in this suit is whether businessmen are going to be encouraged to do a better and more efficient job; or whether we are going to let the anti-trust lawyers in Washington blow the whistle on anybody who gets big by giving the people more for their money.

No one can make us believe that it is a crime to try to sell the best quality food at the lowest possible price.

**420 New Homes Slated For
 Early Spring Completion**

Ground is expected to be broken for the start of 420 new homes on two different tracts within the next 30-90 days it was revealed this week.

William H. Tolson, local realtor, said that the C. F. Steinen Company was planning the immediate start of 360 homes to be located on the northwest corner of 190th street and Crenshaw boulevard. Tolson represented Jack and Sol Koch, local furniture store operators, in the transaction involving the sale of the land.

Meanwhile in South Torrance, Ben Haggott, developer of the Seaside Ranchos tract, announced he was starting on 60 new homes in that area. The two and three-bedroom homes will be constructed on land adjacent to an extension of Reece Road. They will be of the same price range as the present homes.

Announced also by Haggott was the development of a modern shopping center along Pacific Coast highway. The new district with a 1000 foot frontage along the highway, will offer space for nearly every type of retail store, he said. Parking is provided for in the rear of the proposed stores.

**Dedication of New
 Seaside School
 Set for February**

Following acceptance from the contractors, the Seaside School will be officially dedicated at ceremonies to be held at the school on February 5, according to an announcement made at the Torrance Board of Education meeting Tuesday night.

HOUSING BIDS AWARDED

Contracts were awarded Tuesday by the Board of Supervisors for construction of the Veterans Housing to house employees at the Harbor General Hospital and Rancho Los Amigos, according to report from Supervisor Raymond V. Darby.
 The project planned for the Harbor Hospital is now under contract to Fred S. Macomber in the amount of \$56,400.
