Money can't buy a laugh like this...but it helps!

The important thing is—the outside world remembers. Your way of saying this is through the Red Cross worker who every day visits military as well as veterans' hospitals throughout the country.

The Red Cross provides the magic that makes the best of medical care even more effective – a friendly face, a pleasant word, a new book to read.

These are little things, yes, but mighty big things, too—especially when you've been in a hospi-tal for five years, as many have. Money alone can't buy the cheering effect of a Red Cross worker's visit.

But money does help to make this visit possible During the next 395 days, your Red Cross contribution says, "Thanks for the job you did -I haven't forgotten."

You, too, can help through Your RED CROSS GIVE NOW!
