Smith Named New Head of Plans Body Chairmanship of the City's Planning Commission was given to Beverly B. Smith, of 1218 El Prado, superintendent of service and supply at National Supply, by action of the City Council at Tuesday evening's meeting. Acting on a motion by Councilman Harvey Spelman Jr. that he appoint Smith chairman of the commission, Mayor Bob L. Haggard made the appointment. Councilman Willys G. Blount also recommended the appointment while Councilmen George Powell and Nick Drake opposed it. Smith succeeds A. D. Gianni, who was unable to attend commission meetings because of pressing business commitments. The new commission chairman has lived in Torrance for 33 years, he told the Herald yesterday. He has been employed at National Supply during all of that time.

Flign' Iron Wing Causes Unusual On-Off Blackout A manhole cover played havoc with the lights for a few minutes Tuesday night, to say nothing of what it did to the raw nerves of residents who have heard lots and lots of war talk the past few days. The manhole cover got into the act when a sewer gas explosion in Hawthorne blew it 50 feet into the air where it cut a 15,000-volt high-tension line. The lights flattered wildly for several minutes throughout the South Bay. Torrance police station was swamped with calls from persons anxiously asking if we were being attacked. Auxiliary equipment was hastily put into operation and the wildly fluctuating lights were on again.
