The council will pass its approval on all these amendments, and then the student body will vote on them at the next election.

All these aud calls we have been receiving are pretty wonderful, You just can't complain about not having enough aud calls now. We are hoping that we can keep on having all these assemblies and movies, but this depends upon you students, and your attitude and conduct. Recently the Scholarship Society visited UCLA. There were about 55 or 70 members present on this trip. The two chaperones were Miss Mable Kloster the sponsor; and Mrs. Van DeVenter, Due of the UCLA students took the students from the high school on an extensive tour of the campus. It was men's week up there on the day of ne tour. That is the week wimen the leflows are allowed the thought that they are supreme. The guide also explained many of the other traditions of the school, and the students visited many of the classrooms and talked with the students. It was a very interesting trip. The Tartar Knights have decided to have a flag raising exeremony every morning, and to establish it as a traditional event.
