

A mighty good friend of the family budget, your telephone offers more service than ever—at bargain rates.

## WHERE EVERY DAY IS BARGAIN DAY

Your telephone gives you more for your money than in 1940

1. When you buy almost any of the things you use every day, it seems that the prices you pay have just about doubled in the last ten years. But this pattern of inflation doesn't hold true with your telephone. For in spite of higher costs of furnishing telephone service—wage levels that have doubled, materials that have shot up sharply—telephone rates have increased far less than the cost of living.

2. Every time you use your telephone today, you get a most unusual bargain. Two ways. Rates have lagged far behind the increased prices of most other things. And the amount of telephone service they buy has practically doubled. Today, on the average, you can be connected with twice as many telephones as ten years ago. You can call more of the people you want to call. More can get in touch with you.

3. In these days, when our nation needs a strong and efficient telephone service to help speed the job of defense, that service is available—and at bargain prices. And you can be certain that all of us at Pacific Telephone will keep right on working to build your telephone's value still more—to make it a still better servant for you. And for our nation.

## Do you know how easy clothes drying can be?

My automatic gas clothes dryer removes drudgery... gives me fine drying weather whenever I choose to wash!

Tired of lugging heavy clothes baskets? Tired of hanging up clothes and taking them down? Then you need an automatic gas clothes dryer.

All you do is toss in wet clothes direct from wringer or automatic washer... set the control... and in a matter of minutes remove your dried clothes. Your laundry has been dried gently. It's soft, fluffy, sweet-smelling. There are no wind-torn

hems, no rust or dirt spots, no sun-fading. Gas clothes drying is so much faster... so much better. And the installed price of an automatic gas clothes dryer is lower than that of other types of dryers. The operating cost is also lower with gas... only 2¢ to 3¢ per dryer-full. See the displays at dealers' or your Gas Company now. Learn how you can win an automatic gas clothes dryer and other valuable prizes.
