**Safety Record Piled Up By City Lines Cut Premiums**

Congratulations trimmed in silver were in order this week around the offices of Marshall A. Chamberlain, manager of the municipal bus lines.

Reason for the bouquets was the safety record compiled by the bus lines during the past year. The silver trim was added when the Lund Company, which handles the insurance for the city lines, notified Chamberlain this week that the safety record enabled the insurance company to secure a "substantial reduction" in premium rates, resulting in a premium saving of approximately \$2000 to the city.

**Walteria Baptists Hold Evangelistic Rally**

The Rev. Andrew Duty began an evangelistic rally last evening at the Walteria Baptist church under the theme "What Men Must Believe," and will continue for five nights. Different pastors will speak each evening, according to Reverend Duty. The church is located at Park and Newton streets in Walteria.

**JUST WINDOW SHOPPING** . . . El Camino coeds, Roberta Dawson and Dorothy Stach admire the window display in the college's new Campus Center building. Window is student-decorated and displays articles sold in the student store. It would appear that the girls are on the outside looking in, actually the window shoppers are inside the store as is the entire showcase. (Herald photo).

**Campus Center Initiated With 'Orchid Ball'**

A five-year dream of El Camino College students came true last Saturday night when the \$44,000 Campus Center building was formally initiated with an all-student "Orchid Ball."

A faculty-student leader dinner the preceding night marked acceptance of the new building by the college Board of Trustees.

Fifth of the permanent buildings to be completed on the 90-acre campus, the one-story modern structure provides dining and recreation facilities for the college. The building will also be made available for dinners and meetings of civic groups in the area, according to Forrest G. Murdoch, president.

Housed in the campus center is a large 120 by 160 foot dining room which will also serve as a ball room, several private dining rooms, a lounge, the student book store, a cafeteria, outdoor snack bars and offices for the student leaders.

**Conversational Free Spanish Course Offered**

The San Pedro Evening Adult School will open a Conversational Spanish class on Monday, February 5, from 7:30 to 10:00 p.m. in Room 232 at the high school building. This course is offered to help local merchants speak and understand Spanish when conducting business with our Latin-speaking citizens.

Pedro Marin Duelo, a native of Havana, Cuba, will be the instructor. Duelo is a graduate lawyer from the University of Havana. He has taught in both high school and college. At present he is employed in the International office of the Bank of America in Los Angeles.

This course is tuition-free and is open to all harbor residents over 18 years of age who can profit by a speaking knowledge of Spanish. The old insurance rate was .01106 per mile. The new rate is .0085.

A graduate of Redondo High School, Mills won his honor thru the Army reserve program in which he is participating with the 6218 Organized Reserve Reception Center that takes weekend training at Fort MacArthur.

**National Supply Delivers Fourth Type 80 Oil Rig**

Delivery of the fourth Type 80 Ideal Consolidate Drilling Rig was announced this week by The National Supply Company, builders of the huge oil drilling equipment.

This was the rig seen by the many visitors to the Torrance Plant during the open house last November.

This "80" rig has been purchased by Superior Oil Company and shipped to West Texas where it will be used for drilling to depths ranging from 6000 to 10,000 feet.

The new rig embodies many improvements in design features, according to the builders. It is powered by National's Superior Diesel engines fitted with torque converters, a form of hydraulic drive similar to those used in a number of modern automobiles. So confident is the company in the design of this new drilling rig that they have announced plans for a production schedule ahead of the field test which is usually conducted first on all new equipment.

The lectures are free to students of the evening school. Others may attend upon payment of a 25-cent registration fee.
