

# Torrance Sportsmen Flock to Haunts of Wily Trout

## THS-NARBONNE SEEK DATE FOR GRID GAME

### Fifteen Tartars In League Finals

Fifteen men out of the original entry of 30 will carry on the colors for Torrance High today in the finals of the Bay League track meet at El Camino College stadium beginning at 1:30 p.m.

Heading the list of those who qualified last week for today's finals are eight varsity performers. These include Ted Ruth, Ted Marcoux, Bill Kuddelmeier, Jerry Downing, Frank Schmidt, Gary Glover, Aramis Panday and Ray Kelley.

Duane Milton and Leo Mortensen will carry on for the bees, while Burt Smith, Robert Brown, Don Kasten, Henry Fernandez and Bob Guerra will represent the Cees.

#### MEDALS WON

Several first place medals went to Bee and Cee participants in the field events which were completed last Thursday. Jack O'Chain won the Bee pole vault at 11 ft., 6 in. Larry Roy tied for second behind O'Chain at 11 ft.

Robert Brown, who now holds the school record for the 180-yard dash, picked up first place spots in the 120 low hurdles and the 180 dash, and will be a strong contender for the league title when he meets the

other qualifiers this afternoon.

#### SMITH HIGH

Henry Fernandez won his heat of the 600-yard race, and Burt Smith won the Cee pole vault event at 9 ft., 10 in.

Today's meet will see the varsity field event finals, and the Varsity Bee and Cee track event finals.

Torrance isn't a contender for league championship, but several of the men entered could well be No. 1 in their events.

Here is how the men qualified for today's finals:

#### Varsity

1200 M. H.—Ted Ruth, third in his heat.  
440 Ted Marcoux, fourth in his heat.  
220 Bill Kuddelmeier, third in his heat.  
880 Jerry Downing, second in his heat.  
Shot put—Frank Schmidt (fifth).  
High jump—Gary Glover, qualified at 4 ft., 6 in.  
1100 M. H.—Lee Mortensen, third in his heat.

#### Bee

1200 M. H.—Duane Milton (first in his heat).  
440 Lee Mortensen, third in his heat.

#### Cee

1200 M. H.—Burt Smith (third in his heat).  
440 Robert Brown, first in his heat.  
220 Henry Fernandez, first in his heat.  
880 Bob Guerra, third in his heat.

In addition to the event winners listed above, Bob Carroll was fifth in the Bee shot put; Buddy Powers was second and Larry Roy was tied for fourth in the Bee high jump. Don Holz was tied for fifth in the Cee high jump. The tie was four ways and Holz flipped and won the medal that goes for the event.

### Narbonne Lists Tilt On Tentative Slate

Efforts to promote a postseason football game between the Narbonne Gauchos and Torrance Tartars here this fall were revealed this week with the publication of Narbonne's tentative grid schedule for 1951.

Tentative scheduling of a game to be held in the Torrance

### Tartars Drop 11-2 Game To Santa Monica

Third baseman Dick Ferguson tagged the apple for a home run against Santa Monica Tuesday, and center fielder Vic Ordaz walked four times, but the Tartars were able to push across only two runs against the Vikings losing the game 11-2.

The loss was the third for the season for Coach Vern Wolfe's horsehide, the other two being to Inglewood and Redondo in the first round of play.

The Tartars are still tied for second place with Redondo as the Seabawks bowed to Inglewood Tuesday 10-1. Inglewood leads the league, and looks like a cinch title winner.

The last time the two schools met was on October 11, 1946 when both were still members of the Marine League. The Tartars, piloted that day by Pete Zamperini, walloped the Gauchos in a league game. Since then, the Tartars have been in the Bay League.

Coaches and officials at Torrance expressed mild surprise at the Narbonne schedule when informed of the proposed Torrance date by a Herald reporter yesterday.

Vice-principal Charles Wallace said, "Sure, we've been trying to get a game set up with Narbonne, but it has been difficult to find an open date which agrees in the schedules of the two schools."

Final approval of the game lies with the Policy Determining Board of the Los Angeles City School System and the Torrance Board of Education. Both bodies are generally opposed to postseason games which would prolong the football season unduly and with good reason. However, it was pointed out, this proposed game with Narbonne would come only three school days after the final game of the regular season, and would not add an unreasonable period to the season.

The last time the two schools met was on October 11, 1946 when both were still members of the Marine League. The Tartars, piloted that day by Pete Zamperini, walloped the Gauchos in a league game. Since then, the Tartars have been in the Bay League.

#### SHORT WAVES

Some rays of visible sunlight have wave lengths of only about one fifty-thousandths of one inch.

### Ticket Blanks in Mail For Coliseum Relays

"Twenty-eight thousand" ticket applications for the 11th Annual Los Angeles Coliseum Relays, to be held Friday night, May 18, were in the mails today, announced Willis O. Hunter, general chairman of this year's event. Tickets can be obtained at University of Southern California and UCLA.

#### MARINE COLORS

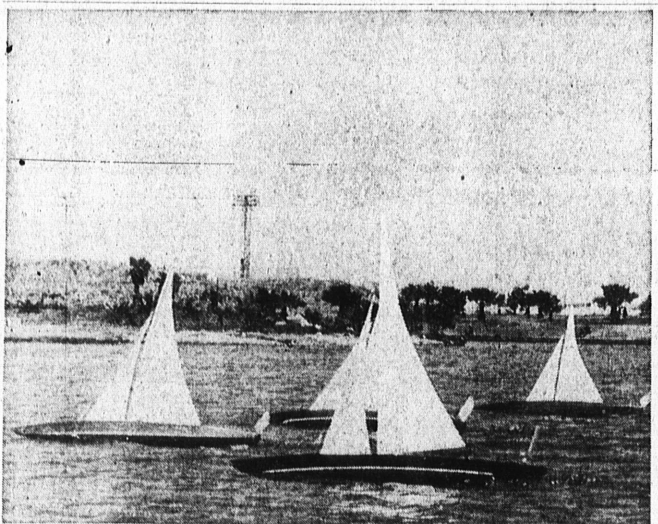

Gold and scarlet are the colors of the U. S. marine corps.

### Lomita Lass Wins Model Yacht Race

An eight-year-old Lomita girl showed the men a thing or two Sunday at the Model Boat Regatta at Alondra Lake when her 18-inch sailboat, the Penny, beat the field of nearly a dozen across the finish line.

Taking the blue ribbon was Penny White, of 2266 Lomita boulevard. She sailed a boat built by Fred Nelson, of 2270 Lomita boulevard.

Winning the third-place ribbon in the event was Denny Fresenius, of 1815 Lomita boulevard, who also sailed one of Nelson's

small boats.

Denny, also sailed the huge Class X boat built by Nelson, but was nosed out at the finish line when the sleek 75-inch boat of Howard Dickson, and the National Championship boat of Louis Bourgeois skimmed across the finish line ahead of it.

Ralph Pickard, of Los Angeles, won the 30-inch class while Roger Davis and Jack Allen won the 40-inch.

At the north end of Alondra lake, H. Bodstuber won the power boat races, and R. W. Lamb won the electric driven boat contest. Other boat exhibitions thrilled a thousand enthusiasts who lined the shore of the lake for the show.

Louis Bourgeois, Commodore of the Los Angeles Model Yacht club, announced that the X class national championship races would be held at the Alondra lake on Labor Day weekend.

### Catalina Reveals Plans For National Bike Race

More than 300 of the nation's top cycle pilots will compete in the first Catalina Grand National Cycle Criterium on Catalina Island May 5 and 6. It was announced this week. Small cycles will go in a 100-mile race Saturday, May 5, while the monsters will battle over a 150-mile course the following day.

All motorcycles on the island, except those entered in the race, will be impounded, officials say.

#### ECLIPSE FREQUENCY

Solar eclipses occur more frequently than lunar eclipses.

### Crowley Lake Braced for Angler Influx

Anglers by the thousands were checking trout flies, rods, creels and wading boots this week in preparation for the coming battle with the wily trout when the season opens Saturday.

Reports from Crowley Lake, billed as "the home of the big trout," indicate that the huge Eastern High Sierra reservoir will again assume the limelight in the Southland sports scene Saturday.

Other trout areas ranging from the foothills around the Los Angeles basin to Northern California are bracing for the onslaught of anglers. Operators of resorts, hotels, motels and other facilities sought by the trout fancier, report that reservations for all available accommodations were taken two months ago.

Press, radio and television coverage of the Crowley Lake opening Saturday has been announced by the Recreation and Park Department of Los Angeles.

The California Highway Patrol predicted last week that the highways would be full of autos heading for the fishing areas by today.

Paul Smith, of the Torrance Cycle and Sports Shop, reported that "hundreds of Torrance fishermen" are getting their gear ready for the 300-mile trip to Crowley.

All in all, it looks like the 1951 season may be one of the best.

### Sportsman's Calendar

The Division of Fish and Game reminds California sportsmen of the following general regulations which apply to current hunting and fishing:

Trout—Opens April 28 in all waters except those in Del Norte, Alpine, Mariposa, Tuolumne, Calaveras, Amador, El Dorado, Placer, Nevada, Sierra, Plumas, Lassen and Modoc counties, and in waters tributary to Pacific on coast, or Humboldt county, where season opens May 26. There are local exceptions. Bag limits: 15 trout, salmon or whitefish, but not more than 10 pounds.

Black Bass, Sunfish, Crappie, Sacramento Perch—Opens April 28 in all counties north of Mono, Madera, Fresno, Santa Clara and Santa Cruz. No closed season elsewhere or in Clear Lake. Bag limits: 5 black bass, 25 sunfish, crappie, perch. No size limits.

Striped Bass—No closed season. Bag limits: 5 fish or 25 pounds and one fish, or two fish regardless of weight. Minimum allowable size 12 inches. Jack Rabbits—Closed in Southern California districts 4, 41.8, 43.4, 19, 20 and 22. No closed season elsewhere.

### East Los Angeles Takes Camino Net Squad 7-2

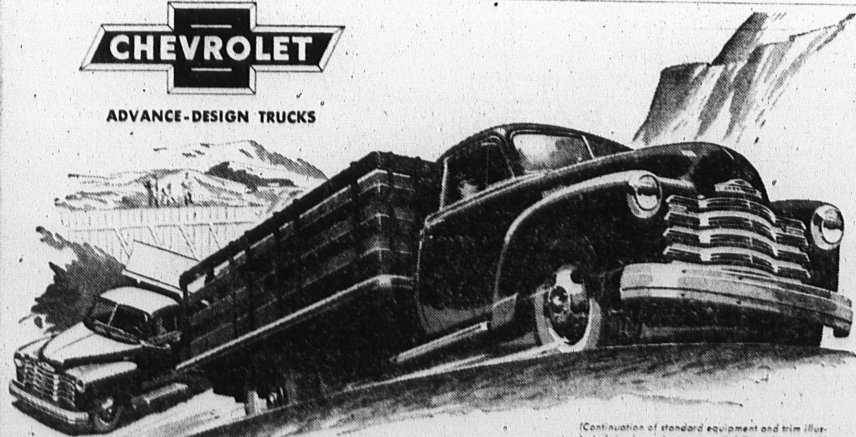

Player depth proved the difference last Friday on the Montebello Park tennis courts, as East Los Angeles junior college tennis team walloped the El Camino Warriors 7 to 2.

Jay Sandberg of Inglewood with deep baseline drives downed his third singles opponent 7-5, 6-0. Bob Stapp of Inglewood and Bill Gardner of Redondo teamed up to win from their first doubles opponents 6-4, 10-5.

#### GEYSER CENTER

Yellowstone national park contains more and greater geysers. It is estimated, than for all of the rest of the world combined.

## Greater on-the-job performance with these great truck features

#### GREAT ENGINE FEATURES

- Two Great Engines
- Valve-in-Head Efficiency
- Blue-Flame Combustion
- Power-Jet Carburetor
- Perfected Cooling
- Specialized 4-Way Lubrication
- Thermostatic Heat Control
- Cast Alloy Iron Pistons

#### New Twin-Action Rear Brakes

- New Dual-Shoe Parking Brake
- New Torque-Action Brakes
- Foot-Operated Parking Brake
- Steering Column Gearshift
- 4-Speed Synchro-Mesh Transmission (in heavier models)

#### Large Door Openings

- Side Doors Held Open by Over-Center Stop
- Sturdy Steel Construction
- Unit-Design Bodies
- Pick-Up Bodies with Flush Skid Strips

#### Insulated Panel Bodies

- Extra-Strong Stake Bodies
- Full-Width Gravel Shield
- One-Piece Fenders
- Counterbalanced Alligator-Jaw Hood

#### GREAT CHASSIS FEATURES

- Wide Range of Springs
- Rugged, Rigid Frames
- Hypoid Rear Axles
- Single-Unit Rear Axle Housings

#### GREAT CAB AND BODY FEATURES

- New Ventipanes in Cabs
- Flexi-Mounted Cab
- Improved Full-Width Cab Seat
- Seat Adjusts to Proper Eye Level
