Local Curries Store Reopens With New Owner

To reopen officially on Saturday as a Curries ice cream and bakery goods store is the popular confectionery located at Cravens and Gramercy avenues, so states Elsie Juanita Ringo, the new owner.

The store, located across from the Stadium Theater, originally opened under its former owner, Mrs. Eugene Turner, with a Curries franchise.

The new owner is completely redecorating the store for the change-over in management and merchandise.

In addition to the store, Mrs. Ringo has purchased the Southern Inn, a 15-unit hotel at 1913 Cabrillo avenue, into which she will move in the near future. She came to Torrance from Hollywood, where she at one time was part owner of the Chancellor Hotel. She has had more than 12 years experience in store management having operated a drug store for more than a decade in the middle west.

The store will be open today, and every day, from 9 a.m. until 10 p.m., with the exception of Saturdays and Sundays, when the store will remain open until midnight.

Pair Escape Injury When Auto Hits Tree

Escaping serious injuries when the car in which they were riding careened off Crenshaw boulevard Monday evening clipping a power pole and coming to a halt against an eucalyptus tree were two Manhattan Beach residents.

Taken to Harbor General Hospital by Jacobs Ambulance were Luther J. Irby, an employee of the D. and B. Machine Works here, who was listed as the driver of the car, and his passenger, Mrs. M. A. Street. Both were later released.

Irby told Torrance police officers that he had started to pass a car on Crenshaw boulevard near 203rd street when he was forced to apply the brakes. He said the front wheel of the 14-year-old car seemed to lock, pulling the auto off the road.

TEAC to Get Preview Of Coming School Year

The Torrance Educational Advisory Committee will meet Monday, July 9, for luncheon in the St. Andrew's Guild Hall. There will be no meeting in August, and the September meeting is to be a combined meeting with teachers, according to Mrs. Grace Wright, moderator.

A preview of the coming year including the building program and policies of the several schools in the district will be discussed at Monday's meeting, Mrs. Wright said.

In Torrance as yet, but we should have something definite to give you by next week," Bob Aguilar, the son, told the Herald yesterday.

At present, South Bay Ambulance is located at 704 Torrance boulevard in Redondo Beach. Although Jacobs' Ambulance Service, headed by Walter J. Henry, has rented the Cabrillo avenue headquarters and is quartering one of his two-way radio equipped ambulances on the location, his request for a business permit is awaiting action by the Torrance City Council.

IN THE MIDDLE
The council, with two and possibly three ambulance services apparently eager to serve the community, has taken a "the-more-the-merrier" attitude.

Miller and Figueredo Ambulance Service put their new 1951 white Pontiac ambulance into service Tuesday night. It is stationed at Torrance and Crenshaw boulevards.

city's tax rate or by levying special service charge on such services as garbage or refuse collection.

"In any event the taxpayer will have to do the paying," he said.

To go into effect this year is an additional \$10 per month which is being added to the present \$20 cost of living increase for the city workers.

"At present city workers are receiving \$30 per month more than they received at this time last year," Stevens stated.

The two cost of living increases (the present \$20 bonus and the new \$10 increase) is an item representing nearly \$65,000 that was not on the municipal budget a year ago.

If all four requests of the employees are granted it will require approximately \$125,000 per year, the city manager said.

National Supply Employee Retires After 33 Years

Eyes were noticeably moist around the National Supply Company's machine shop during the lunch hour last Friday as friends and shopmates gathered to say goodbye to George E. Sutton, who had worked there for 33 years.

Superintendent R. M. Garbe acted as spokesman for the group and gave the retiring "old-timer" a wristwatch in recognition of his services, which started there during World War I.

Sutton was born in Kansas and moved to Vicksburg, Mich. when a young boy. He came to California in 1906, and for 12 years worked for the Johnson Foundry and Machine Works in Los Angeles.

He joined National Supply August 9, 1918. He and Mrs. Sutton bought a home at 2219 Gramercy avenue in 1921, and built another house on the lot. They recently sold this property and announced plans to settle down in Walnut Grove on the Sacramento River, where they will build another home.

The Suttons are ardent freshwater fishermen and have fished all over California. They figure that their new location will put them close to the haunts of the salmon, catfish, black bass, striped bass and Sacramento perch.

Mr. and Mrs. Sutton have raised four daughters, all of whom are now married and have several children.

"ALL WE CAN GET"
"We have asked for all we can get—we need it," Dr. Hull said. "Children grow 24 hours a day. School construction can't keep up with that pace."

The superintendent stated that the government's headquarters in San Francisco had indicated that requests for funds have far exceeded the money available. He was unable to state when the aid might become available, but said: "We hope to hear something within two weeks."

Reflections

By J. Hugh Sherfy, Jr.
CELEBRATE JULY 4th

What does Independence Day mean to you? Security? To vote? Worship where you please? Indulge ambition? Doesn't it mean much more than all these?

Consider this: A grocery clerk drives a 1950 Cadillac; a deep sea fisherman owns his boat and large realty holdings; Walter Chrysler was a machinist and died a millionaire; A. P. Giannini, a penniless Italian emigrant, built the largest Chain Banking system in America; a janitor's son is graduating from College. A boy may dream, write poetry and go hungry or he may develop a facility and become powerful; a woman may be a laundress and freely mingle with the social elite; a man may do manual labor for his bread and have his son claim the highest office in the land. There are no social barriers; I am your equal and you are mine. Our Declaration of Independence gave us these opportunities. It is a document that changed world history, a concept of human dignity, made us the envied people on earth.

Celebrate July 4th as a man would who loves liberty and independence.
