**Job of Checking Petition Signers 'Over the Hump'**

"Over the hump" was the expression used by City Clerk A. H. Bartlett Tuesday night in describing the progress being made on the job of checking signatures on a petition calling for an election for a proposed \$2,000,000 water bond.

Bartlett and his aides have been checking the signatures against the Great Register and reports that enough valid signatures have been proven to bring the matter to vote.

The City Council is expected to have Bartlett's certification next Wednesday night, at which time it will set the election date.

**X-RAY UNIT TO VISIT PUEBLO**

"While many people received chest x-rays last year when the mass x-ray survey was in progress, it is a good health practice to have a chest x-ray annually," Dr. Roy O. Gilbert, County Health Officer, said in discussing the free chest x-ray program in the Torrance Health District, starting Oct. 1.

These x-rays, which may show abnormalities of the chest, such as tumors, enlarged heart, or tuberculosis, are available to anyone over 15 years of age, the health officer advised. This service provides protection for the person x-rayed, his family, and others in the community. An early diagnosis of chest ailments insures prompt treatment, and x-ray is one means of determining whether or not an abnormal chest condition is present," the health officer pointed out.

Schedules for Torrance and Gardena are as follows: Monday, Oct. 1, 2 to 8 p.m., at the Pueblo Recreation Center, 203rd street; Wednesday, Oct. 3, 9 a.m. to 3:30 p.m., in Market Town, 15001 Crenshaw boulevard, Gardena.

**STRAWS IN THE WIND . . .** Dorothy Cates, local sales girl, was voted this week by the Torrance Lions Club as "The Girl They Would Like Most To Have Sweep Them Off Their Feet." Actually Dorothy is helping (and doing a nice job of it, too) call attention to the Brooms For the Blind Sale the Lions Club will conduct in Torrance on October 19. Quipped Lions President Paul Diamond as he crowned her "Miss Broomette"—"Isn't she sweep?" (Herald photo).

# Jews to Observe Rosh Hashanah On September 30

Jewry throughout the world will assemble to usher in the High Holy Days, beginning with Rosh Hashanah, or New Year, services at sundown, on September 30th. This will mark the 5712th year since the Creation, and is observed one day by liberal Jews and two days by Orthodox and Conservative Jews.

In ancient days, this holiday was identified as the start of the economic and agricultural year in Palestine, but now is observed as a Day of Judgment, and is spent almost exclusively in prayer for the coming of a better world, for the Kingdom of God means a world at peace, wherein justice, morality and brotherhood guide the lives of men and nations.

In the Synagogue, the ram's horn, or Shofar, is sounded, as a summons to our conscience to awaken and heed the call of duty to our Creator and to our fellowmen.

Yom-Kippur, or Day of Atonement, occurs ten days after Rosh-Hashanah, and is the climax of the High Holy Days. It is the most sacred day of the year, and is spent in meditation and fasting. The fast is begun with the traditional Kol Nidre chant, and will commence at sundown, Tuesday, October 9th.

At Menorah Temple, 112½ N. Catalina, Redondo Beach, services will be conducted by Rabbi Moshe S. Amine, spiritual leader of the congregation, assisted by a choir under the direction of Mr. Louis Fleischer. For information and tickets contact Bert Shupps, Fr. 5-1702 or Fr. 4-8633.

**HOMEWARD BOUND . . .** Due home this weekend after spending nearly a year in Korea is Cpl. Robert Wright, officer of the Torrance Police Department. Wright returned to the states recently and is now at Camp Stoneman awaiting release orders, according to his wife, Carol, a policewoman on the Torrance force. (Herald photo).

**SCHEDULE OF SERVICES**

Rosh Hashanah eve, Sunday, Sept. 30th, 7 p.m.

Rosh Hashanah, Monday, Oct. 1st, 9 a.m.

Yom Kippur eve, Tuesday, Oct. 9th, 7 p.m.

Yom Kippur, Wednesday, Oct. 10th, 9 a.m.

**"WE'RE IN THE BOOK" . . .** Perched atop some of the 143,000 copies of the new October 1951 Southern Section telephone directory are Joan Russell, left, and Marlene White of Pacific Telephone's directory department. Distribution of the book to subscribers in the area was due to be completed by today.

## Delivery of Phone Books To Be Completed Today

Due to be completed today is delivery to Torrance homes of the new October, 1951, edition of the Pacific Telephone Company's directory, according to A. B. Smith, manager of the local office of the telephone company.

More than 42,000 copies of the directory will have been distributed in Torrance, Lomita, Harbor City, San Pedro, and Wilmington.

Containing more than 238,000 alphabetical listings, the new book of numbers reflects the continuing telephone growth here by showing an increase of 17,000 listings over the October, 1950, directory. From the time of distribution of the old book until publication of the new edition, more than 3100 telephones have been added in the Torrance, Lomita, and San Pedro exchanges, the manager said.

Total number of pages of the new green-covered directory, which is dated October, 1951, and which will be in service for 12 months, has jumped to 1152 for an increase of 88 over last year's issue.

## ...Hospital Pact Former Resident 22 Years, Dies In Astacadero

(Continued from Page 1)

critically ill in locales remote from the U. S. Army hospital at Fort MacArthur, the colonel explained. Treatment of dependents is not authorized under these arrangements, he pointed out.

Los Angeles General Hospital, Rancho Los Amigos, Olive View Sanitarium, Long Beach General Hospital and all Los Angeles Receiving hospital branches have joined in the program.

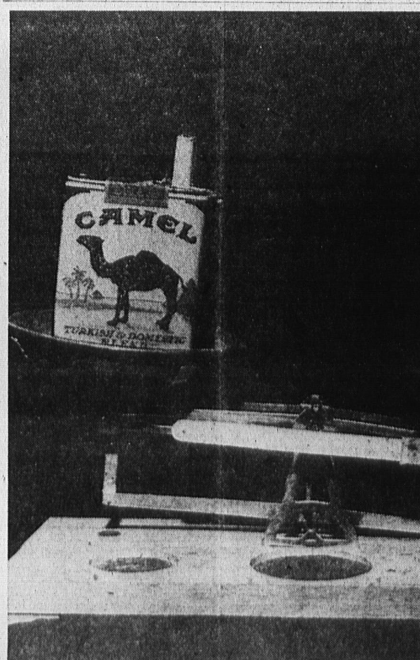

Los Angeles City emergency stations are Georgia, Hollywood, Lincoln Heights, San Pedro, Wilmington and Van Nuys.

Funeral services for Mrs. Lovina Wilson, 85, who moved from Torrance last year after having been a resident of the city for 22 years, will be held in the Stone and Myers Chapel on Saturday at 2 p.m. The former resident of 1903 Gramercy avenue died yesterday in Astacadero.

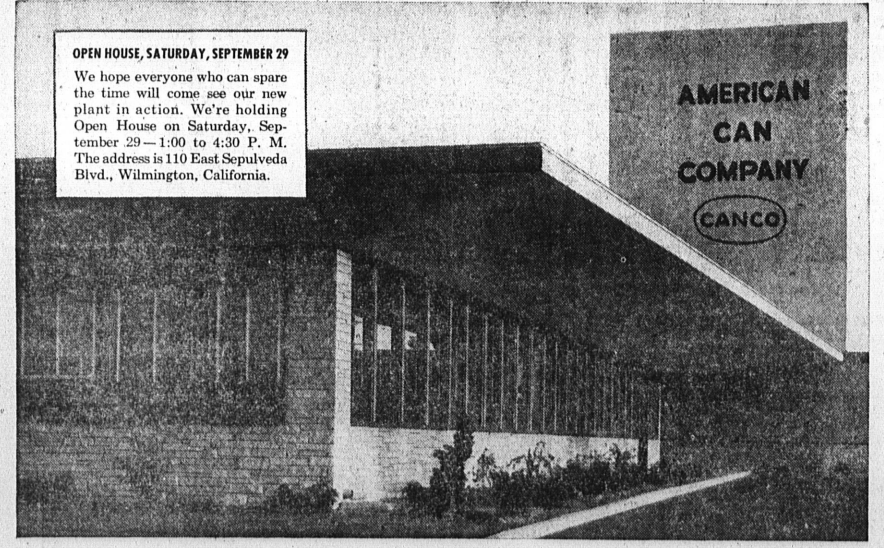

Rev. C. Miles Northrup of the First Baptist Church will officiate.

Surviving is a daughter, Mrs. Nellie Huse of Astacadero, and three grandchildren and seven great-grandchildren.

Interment in Roosevelt Park will follow the last rites.

**HEAVY WEIGHT . . .** Coming home with a blue ribbon for being best in class last Sunday was 17-ounce "Honey Bear," tiny Chihuahua owned by Mr. and Mrs. Julius Arnoff, 629 West 211th street. "Honey" placed first in the Seventh Annual Specialty Dog Show held last weekend at Gilmore Field. She is eight months old. (Herald photo).

## A big new reason why California's market is everybody!

It's only natural for a good Californian to boast of his State's products of the soil and sea. As good Californians, we at American Can Company brag about them, too.

And, because making containers for these products is our business, we'd like you to know about our new Harbor plant in Wilmington—built by Californians, operated by Californians and dedicated to the growth and prosperity of the region in which it is located.

Wilmington is the newest of Canco's eight California can-making plants, located where crops grow or fish are caught. It is big, beautifully designed, and soon will be incredibly busy!

This plant will make it possible for fish-canneries all along the lower coast, as well as cannery now being serviced by our Los Angeles plant, to benefit alike, through fast, on-the-spot service.

The purpose of the plant, naturally, is to turn out cans—by the millions. These cans provide a convenient, modern and economical way for Californians to sell their products to food buyers everywhere in the U. S. A. and the rest of the world. They telescope distance, eliminate seasons, whet the appetite of millions for Southern California foods.

Thus, in a very true sense, Southern California's market, today, is EVERYBODY! And as California growers, can-makers, cannery, and shippers work together as a team to send their crops and catches to market, these foodstuffs bring back to the people of our State a never-ending flow of dollars.

That is why, in opening our new plant in Wilmington, we like to feel that we are making an important contribution to the progress and economic health of the area in which we all live and work together.
