### Doctor Reports:

## Golf Balls, Golf Clubs And Hormones Stolen

Saturday's Santa Clara-UCLA grid contest was a thrilling game, Dr. Don C. Moshos admitted this week, but it wasn't worth the \$200, the trip to the Coliseum cost him.

It seems that while the local physician was doing some good (taking kids to the game as a project of the Lions Club) someone was doing him dirt (robbing his parked auto).

Stolen, the doctor reported to the Torrance police, were two nylon blue and green, leather-trimmed golf bags with clubs, and some medicine from his medical kit including some male hormones.

Missing also was a sweater and a small quantity of narcotics in the kit. Some morphine was left unmolested, he stated.

### BIG AUTO TRADE

Selling new and used cars, petroleum products and auto equipment is a \$25 billion a year industry, accounting for more than 20 per cent of all U. S. retail trade.

### CLEANING METHOD

Rice is the basis for a new method of cleaning carbon deposits from the combustion chambers of high compression engines without removing the cylinder head.
