

Kettler Kapers

By MIE WEST and JINNY JONES
Lomita 3003-J — Lomita 1256-J

Something different in the way of happenings in Kettler Knolls occurred on Sunday, October 28, when a lovely afternoon wedding ceremony took place at the home of Mr. and Mrs. Ralph C. Clever of 1760 Calamar street. Mrs. Clever's mother, Alice D. Graham, became the bride of Mr. Edgar H. Morris in a double ring ceremony performed by Judge John A. Shidler. The bride was lovely in an aqua blue shantung, a tulle dress and carried a nosegay of midget pink roses. A buffet dinner was served to the invited members of the family. Mr. and Mrs. Fred Forbes of Reseda, Mr. and Mrs. W. H. McMullen of Rivera and Mr. and Mrs. R. L. Graham of Pomona. A lovely all-white wedding cake topped by two doves was cut by the bride and groom. The newlyweds are "at home" this week in Lancaster where both are employed.

Weekend guests are always fun, but when they come with a "helping hand" that makes them doubly welcome. Such was the case in the Frank Curry family when Mr. and Mrs. L. A. Sutton came from Burbank, not only to visit, but to assist in pouring concrete for a new garage floor. Then, too, from Taft were Mr. and Mrs. Harry Wilson who spent last weekend at the Gene Beavers' home helping them with some tilework.

Enjoying a Chinese dinner last Friday night were the Jim Moreheads, Gene Beavers, Jerry Loys, Jay Nielsen, and Joe Helphands. After returning home, they rounded out the evening playing cards at the Loy's home on Middlebrook.

Carol Maria is the name chosen by Ruth and Richard Thompson of 1735 West 235th street for their new little baby daughter who was born on October 31. What a nice Halloween treat—the Thompson family have three sons, Bradley, John Charles, and Richard who are more than pleased with the new arrival. By the way, the Thompsons are new neighbors, having been out here for two months. Congratulations.

Congratulations too, to the R. F. Eddy's of Walnut avenue upon the birth of a daughter on October 25. She's been named Gail Marie!

GALS! Are you looking for dishes that you donated food in for last week's PTA Carnival? They are at Mrs. Margaret Beavers home, 2122 Middlebrook road. Since there are no names on them you'd better phone her at Lomita 1500-J or pick 'em up! Otherwise they'll be at the next PTA meeting waiting for you!

A welcome home to Mrs. Edith Dickson of Middlebrook road who "trained" home last week after spending an enjoyable six weeks visiting with relatives in Pittsburgh, Pa.

The Fischer's enjoyed their vacation immensely and brought back a "four-pointer"—Yessir! Husband Mickey, hunting near Du Chene, Utah, "bagged" the deer and now they'll be feasting

on venison meat! Good hunting! Mrs. Robert Moore of 235th street has been entertaining her brother and his wife Kenneth and Jeanne Nelson and their three children from Duluth, Minn. By the way, the Nelsons are moving out to stay! They're looking for a home now and we know they'll like California!

Back from Omaha, Nebraska are the Sokos, Dewayne, Peggy and daughter Sherry. They spent a happy three weeks visiting friends and relatives.

We hear that Mrs. Billie Johnson and sons Jerry and Ken have gone to Amarillo, Texas to visit Mrs. Johnson's folks. Hope they have a good time!

Let's welcome Mr. and Mrs. Elton Barnes and their two sons Jimmy Dean, age 10, and Clifton Darrell, age 4, who have come direct from Oklahoma City to make their home at 2735 Martha street. Mr. Barnes is employed at Columbia Steel. We certainly hope they'll like Kettler Knolls.

Looking forward to a gay dinner this evening are the wives of the Junior Chamber of Commerce members who are to be special guests at the JC regular meeting. Just a few of those we know are going are the Jack Baldwins, Gordon Jones's, Ed Karlows, Jay Nielsen's, Walt Sharons, Jim Morehead's, Bob Owens', Jerry Loys, and Joe Helphands. Have fun!

Top attraction this weekend is the Torrance Police Annual Vaudeville Show to be held Saturday night, November 10. Don't forget your Kettler policeman-neighbor when buying your ticket.

Textile Painting Class Held Twice a Week

A free class in textile painting, open to all regardless of residence, will be held each Monday and Wednesday nights at Torrance High School in room 202 at 7 o'clock.

Both beginning and advanced students may attend this class. Students have the chance to make designs from stencils or of their own creations on tablecloths, napkins, towels, men's ties, children's shirts, pillow cases, curtains, and a wide variety limited only by the imagination of the worker.

With the Christmas season in the near future, adults will have an excellent opportunity to take care of virtually all their gifts at a fraction of the cost they would normally pay for them, according to Donald Manasshaw, director of the school.

In addition to stencil designs, Wandt Sexton, instructor of the class, will show how pictures and designs from books and magazines can be transferred to textiles. Each person will work at her own speed and will do those projects in which she is specially interested.

Those planning to attend this class should go to the next regular meeting and register in room 202 at Torrance High School.

Petitions Near Ready For Water Annexations

Completed petitions calling for an election for annexation of Inglewood and adjacent territory to West Basin and Metropolitan are being collected in the office of Vernon P. Spencer, attorney and president of the Inglewood Citizens' Water Committee, according to West Basin Association reports. The petitions will be presented to the secretary of the district within the next week.

CLASSES OPENED

Evening classes in technical illustration at Harbor Tech will be open to enrollment at mid-term this semester.

Portuguese Bend Club Sets New Low in Fire Stations

Californians are known the world over for their belief that they have the biggest and best of everything.

Here's one with a new twist, however.

The new brilliant red fire house opened last week at the Portuguese Bend Club on the Palos Verdes Peninsula is claimed by a Palos Verdes Corporation spokesman to be the smallest fire station in the United States.

Built for the protection of owners of beach homes in the area, the tiny station is only 8

feet long and four feet wide. It houses a hose cart, 500 feet of hose, fire hydrant wrenches and other fire fighting equipment.

Designed by Portuguese Bend Club resident Hugh Angelman, famous yacht designer, the tiny house includes a bell tower housing a ship's bell to sound fire alarms and is surmounted by a weathervane made like a fireman's helmet.

The station is intended to be used by residents as a standby until County equipment could be sent to the scene of any fire.

School Superintendent To Attend Conference

Cooperation between business and education will be discussed at the University of Southern California November 13 when Dr. J. H. Hui, superintendent of the Torrance Unified School District, will attend the National Association of Manufacturers and the Mer-
