## Petitions Lag For Annexing To West Basin

Circulation of petitions in Inglewood and adjacent county territory for the annexation to Metropolitan and West Basin is proceeding more slowly than anticipated, it was reported this week by Carl Fossette, manager of West Basin Water District. "There appears to be no difficulty in obtaining signers, but qualified circulators having the time to work seem to be hard to find," Fossette said.

In order to be sufficient, 2742 signatures must be secured and at least 1829 of the signers must be electors residing in Inglewood.

The Inglewood Citizens' Water Committee is now planning a "Petition Day" for Thursday, November 29, and a committee of 100 will go out to obtain the required signers in a dawn-to-dusk effort on that day.

The regular meeting of the board of directors of the West Basin Association will be held Thursday evening, November 29, at Palos Verdes Country Club.
