Mayor Bob L. Haggard this week issued a formal proclamation setting forth the week of March 9, through March 14 as "National Girls' Week" in Torrance as part of the nation-wide observance of acquainting girls with various opportunities which are open to them in business and the professions.

Saying that the city is anxious to contribute to the improving of standards for women in the business world, Mayor Haggard said it was wise to encourage the girls to prepare themselves for the positions for which they are best suited.

National Supply's Defense Role Told In Report to Stockholders

Reports that one-half of the defense production of the National Supply Co. in 1951 came out of the Torrance plant were made this week by A. E. Walker, president of the huge firm, when he released the annual report to stockholders.

Direct defense production "amounted to \$6,500,000," Walker told stockholders. "Half of this volume came out of our Torrance plant, where gun tubes and aircraft parts are manufactured in addition to heavy machinery for the oil industry."

He said the company still held \$9,000,000 worth of unfilled defense orders.

"The company's annual report stated that 40 per cent of the Torrance plant's volume in 1951 was deliberately switched to markets other than oil producers, the firm's main line of business."

"Through its unusual combination of steel-making and machine facilities, Torrance served

War Mothers Seek Help In Forming Escort Group

A call for volunteers to help organize a hospital escort unit to wheel patients to and from clinics in Veterans' hospitals was issued this week by Mrs. Jeanette King, recently re-elected president of the American War Mothers in this district.

Mrs. King explained that the local chapter, which includes members from Lomita, Waverly and Torrance, were seeking enough volunteers to form a unit of six to eight women who could serve escort duty when called on.

"To be able to get this number at the hospital at a certain time, we would need a group of about 20 women from which to call for help,"

Mrs. King said. Other work of the group includes sewing for veterans in the various veteran hospitals in the area, she said.

The president also announced that future meetings of the group would be held in the council chambers of the Torrance City Hall on the second and fourth Wednesdays of each month. Next regular meeting is Wednesday, March 12, at 8 p. m.

A membership drive is under way by the organization and an appeal is being made to mothers of 40th Division men now on duty to join the group.

"Any mother who has had a son or daughter in the service since 1941 is eligible for membership," Mrs. King reports. Information about the group may be obtained from Mrs. King at Terminal 4-4988 or Mrs. Albert Sandstrom at Lomita 1622 W.

The MYF has been busy this week since they have had both a bowling party and a party with the Torrance MYF on Sunday. Eighteen young people enjoyed the jaunt to the Palace Bowling Alley in Redondo Beach. Over 50 young people attended the meeting Sunday night when the Walteria young people were hosts to the Torrance group. Program for that evening included films on comparing the different religions found in the world today. Showing of the films was followed by singing and social time. The MYF is looking forward to their meeting of April 6, when Rev. Tom Farley of the California-Arizona Youth Conference will be guest speaker.

The Walteria PTA Kitchen Symphony will play at the Gulf Avenue School in Wilmington on Monday, March 10 at the Community Sing program. The entire program will be put on by talent from Walteria, since it is "Walteria Night." Those of you who haven't seen the symphony in action would probably enjoy seeing them play.

The Gaylord Days have moved from their home on Newton St. to another location on Park St.

George Inhoff, Ward St., was in port for a short vacation last week and left to board his ship, the James Lick freighter, on Friday.

Mr. and Mrs. Jim Watson of Hollywood and their friend were guests at the home of R. P. Pendleton on Hawthorne Blvd. over the week-end.

Rotary Clubs to Meet

Members of the Torrance and San Pedro Rotary Clubs will hold a joint meeting tonight at the Fish Shanty in Walteria where Will Paul, president of the Los Angeles Stock Exchange, will be presented by the Torrance club.

The San Pedro club has promised to show up with a real live movie star for the Rotarians to "rub elbows with."

The Pandora Club held its monthly meeting Thursday, Feb. 28, at Recreation Hall. Hostesses for the evening were Mrs. Dorothy O'Brien, Mrs. Thomas Kirk and Mrs. R. Pendleton. The ladies enjoyed a short business meeting followed by games. Handkerchiefs were presented by each woman attending as a farewell gift to Mrs. Kirk, who has moved to Long Beach. Refreshments of home-made cookies, ice cream and coffee were served. A festive air was lent the meeting by the dishes of ice cream, which were small red flower pots holding chocolate-topped ice cream with a small flag in the top of each dish. By the way, first prize of the afternoon went to Mrs. Dale Wand, while Mrs. Effie Gordon walked off with the booby prize. Over 14 women attended.

A class in manuscript printing is being conducted in the school auditorium for six consecutive weeks. Although the course started last week adults interested can still enroll. This is the type of printing now being
