Chain of Events Which Sent 20 Ball Fans to Game Related

The 20 very lucky young baseball fans who received tickets to the Kiwanis-sponsored Crippled Children's Benefit baseball game at Gilmore Stadium might be interested in hearing about the chain of events that resulted in their good fortune. The last of February Las Vecinas held a spring fashion show at Palos Verdes Country Club. That's old news by now to most of us, but it forms the basis of this whole thing.

California is still receiving and intriguing visitors by the thousands. Our particular locality seems to have its share. Recent visitors include William Bachner of Chicago, who spent a week-end visiting Mr. and Mrs. Arlis Wyatt.

Mr. and Mrs. William Shocken have been entertaining Mrs. Mary Peffel of Indianapolis and Bill's niece Becky Lambert, of the same city.

Martha and Alec Hunt of Reece Rd. have just returned from a recent week-end vacation in San Francisco and Sacramento. While making the Cliff House their headquarters, they visited all those fabulously wonderful places in San Francisco such as Trader Vic's, Fisherman's Wharf and the Mark Hopkins. Is there any better place to have a wonderful time?

Also reporting a good time, but "so glad to be back," are Mr. and Mrs. David Hurford. They flew to Philadelphia, Pa. for a week's business and pleasure trip. They were wined and dined by many friends while there. Dorothy reports laryngitis from being a one-woman Chamber of Commerce for California. The results will probably be felt by the Hurfords in the form of friends descending on them in droves.

Mr. and Mrs. W. Carlton and children have just returned from a visit to Visalia and a detour (intentional) through Sequoia National Park. Now would be the time to make a trip just about any place in Southern California. The mountains capped with their tons of snow, the desert bloom with its special type of plant life, and green hills in every direction one can look; Ah me!—hide the road maps!
