

Fourth District Area Cuts Now Being Studied

Possibility that the Fourth Supervisorial District will be trimmed in area was seen last week in an announcement from the Board of Supervisors that reapportionment will be studied for the first time in a quarter of a century.

A motion by Supvr. Raymond V. Darby, who represents the Fourth District, was adopted,

instructing the county engineer and the registrar of voters to make a study of representation.

Lopsided population growth in two districts, the Fourth and First, has reached the point, it was declared, where an adjustment is necessary to even up representation.

The Fourth District, at latest count, was the second largest, containing 837,197 registered voters. Largest, the First, numbers 873,954; others, and their voter

strength, are the Fifth, 589,569; the Second, 295,597, and the Third 313,689.

Percentage-wise, the districts stack up like this: First, 27; Fourth, 25; Fifth, 21; Third, 15; and Second, 12.

The Fourth District includes a

portion of Long Beach, plus all other beach cities and communities in an area extending through Compton on the east and to the San Fernando Valley on the north.

According to the County Charter, it will require four su-

pervisorial votes to change the district boundaries.

Shutterbugs On Loose At EC For '53 Yearbook

Shutterbugs on the El Camino College campus snapped their shutters with added fervor this past week as a snapshot contest in the interest of the 1953 yearbook, the Warrior, got underway.

Marion Hixon, editor, said the contest was developed so that a pool of pictures might be collected for use in the annual. First prize, she said, would be a student body card for the spring semester.

Production of the yearbook is well underway, Miss Hixon revealed. This year's theme is "Operation Buildup" in recognition of the growth in buildings and student population at the college.

Torrance Puts Twice As Much In SA Kettles

Torrance residents really "put it in the pot" Saturday when the Salvation Army's "boiling pots" were manned by members of this community's service clubs.

Although collections are down 20 per cent from 1951, Torrance more than doubled last year's contributions, according to Charles F. Mullen, chairman for the drive. The pots were manned by members of the Kiwanis, Lions, Optimists and Rotary Clubs.

Provided anyone missed the opportunity to contribute to the pots, Mullen said there is still time to donate. Checks made payable to the Salvation Army may be mailed to him at 1519 Post Ave. or, phone Torrance 3303 and the contribution will be picked up at your house.
