

Halldale School Boundaries to Change in March

Mrs. Virginia Hamel, principal of the new 232nd Place Elementary School, announced yesterday that with the opening of the new school on March 1, boundaries for Halldale School will be changed as authorized by the Board of Education of the Los Angeles City School District.

Children living on the south side of Ocean Ave. east of Normandie and north of Sepulveda will attend the new school, she said.

The only exception will be the children who will be in the A-6 class beginning next Monday. They may remain at the Halldale school for the final semester.

School children living south of Plaza del Amo can attend the new school if more convenient, she said. Permits will be issued at the school office.

Harbor City Street Improvement Canceled

An ordinance abandoning the proposed improvements of 260th St. on the north side between Senator and President Aves. in Harbor City was adopted by the Los Angeles City Council Monday.

More than 50 per cent of the property owners who would have been assessed to pay for the project objected.
